New revised 2016 edition of our very popular Audit Risks Tests exam room notes book. Provides an alphabetical quick reference list of 70 key audit test and risk areas based on our careful review of the ICAEW Study Manual for Corporate Reporting the ICAEW Question Bank for Corporate Reporting and the previous old TI paper in Business Reporting together with past papers and ICAEW mocks for both the evolved Advanced Level and old TI level. Useful as a quick reference guide to generate reminders in the exam. Reduces the time that you will need to invest in revising Audit which is a fundamental element of the Corporate Reporting paper given the removal of Tax from this evolved ACA paper now 2 of the 3 questions in CR will have a heavy or even exclusive emphasis on audit risks and tests so the importance of this book's information and quick reference approach has been further enhanced under the evolved ACA. This book removes the need for you to prepare your own folder notes on risks and tests leaving more time to invest in other aspects of Audit or the other elements of the new Advanced Level. In addition to reviewing past papers and mocks we have carefully summarised the audit tests in the Audit Focus sections introduced in the 2015 edition of the Corporate Reporting Study Manual to ensure that you have quick reference to tests which have been emphasised in the new Advanced Level materials i.e. tests which the examiners appear keen for students to learn and mention but which are somewhat hidden away at the end of the financial reporting chapters. All such tests are now indicated in bold in the relevant sections of our book. All 70 Audit areas are arranged in alphabetical order allowing quick reference without having to remember which chapter to consult. Where relevant cross references between Audit areas are also included giving you reminders and hints. Book can also be used in preparation for Professional Level Audit Assurance helping you learn lists of tests for the crucial question on audit tests and procedures.
