Knocke, 2012-03-19 Reading like a novel this primary source is a valuable look at the other side of World War II aviation

Gazette665 Heinz Knoke was one of the outstanding German fighter pilots of World War II and this vivid first hand record of his experiences has become a classic among aviation memoirs a bestselling counterbalance to the numerous accounts written by Allied pilots Knoke joined the Luftwaffe on the outbreak of war and eventually became commanding officer of a fighter wing An outstandingly brave and skillful fighter he logged over two thousand flights and shot down fifty two enemy aircraft

He had flown over four hundred operational missions before being crippled by wounds in an astonishing last stand towards the end of the war. He was awarded the Knight's Cross for his achievements. In a text that reveals his intense patriotism and discipline, he describes being brought up in the strict Prussian tradition, the impact of the coming of the Nazi regime and his own wartime career set against a fascinating study of everyday life in the Luftwaffe and of the high morale of the force until its disintegration. In a postscript provided for this edition, Heinz Knoke writes of the struggle to survive after the war in Germany and his building of a new life. Now that the Berlin Wall has been torn down, his memoirs are set in a new perspective, both a valuable contribution to aviation literature and a moving human story. **I Flew for the Führer** Heinz Knoke, 1972

Selvbiografi af Luftwaffe jagerpiloten Heinz Knoke der opnåede at nedskyde 52 fly under 2 verdenskrig *An Emotional Gauntlet* Stuart J. Wright, 2004. Stuart J. Wright tells the gripping story of a World War II American aircrew flying missions from England in a B-24 Liberator bomber, they nicknamed Corky. This is a true account based on years of research and correspondence with crewmembers and their families. Wright adds a dimension rarely explored in other World War II memoirs and narratives, beginning the chronicle during peacetime when the men of the aircrew are introduced as civilians' kids during the 1920s. As they mature through the years of the Great Depression to face a world at war, questions are raised about just and unjust wars, imperialism, and patriotism. Jingoistic sentimentality is resisted in favor of objectivity as the feelings and motivations of the crewmembers are explored. The Chinese American air gunner had hoped to serve in the U.S. Army Air Force to fight against the Japanese invaders of his homeland; the Jewish navigator felt compelled to join the battle against Nazi Germany. In recounting the harrowing conditions and horrors of bombing missions over Europe, *An Emotional Gauntlet* emphasizes the interpersonal relationships within the crew and the spirit these men shared. Corky's crew served under Operations Officer Major James Stewart, the Hollywood movie star. They often returned from arduous bombing missions to sleep in half-empty huts; their friends in other planes had not been so lucky. Pilot Jack Nortridge regularly assured his crew: "If you fly with me, I'm going to bring you home." This book is a testament to their strength and determination.

Fighter Operations in Europe and North Africa, 1939-1945 David Wragg, 2012-02-29. *Fighter Operations in Europe and North Africa, 1939-1945* tells the story of Allied and German fighter pilots in Europe over the Mediterranean and in North Africa during the Second World War. The book starts with the early skirmishes as each side tested the others' defenses, moves through the Battle of Britain, and then the Blitz when the emphasis switched from single-engined day fighters to twin-engined night fighters while increasingly fighters were used to sweep over enemy air fields and lines of communication in occupied France. This overlapped with the need to provide air cover for the besieged island fortress of Malta by day and by night as well as defensive operations against Axis forces in Crete and North Africa but as the balance of power changed in North Africa, the Desert Air Force was formed incorporating elements from many Allied air forces and the emphasis moved to offensive operations in support of ground forces. The invasions of Italy and the South of France also called for fighter cover.

initially by carrier based aircraft The lessons learnt in North Africa were put to good use by the 2nd Allied Tactical Air Force which accompanied the advancing allied armies towards and eventually into Germany achieving all important air supremacy which was a major factor in the Allied victory The book also covers Luftwaffe fighter pilots as they sought to stop the RAF by night and the USAAF by day against increasingly overwhelming odds **Detective Blackie's Dog Day Blues** Anne Shirley,2022-10-31 Blackie is a friendly adventurous lab spaniel retriever an emotional support dog to her friend Lou and a detective in Lou and Dirk s BLD Holistic Detective Agency Blackie is a tough cookie fiercely loyal to her friends like Lionel the railroad engineer who goes missing and whose blood is found on the railroad track There is murder and suspense afoot They find a corpse in the woods a hidden drug lab far from the city There is a railroad hijacking and several kidnappings Why is their client at the railroad acting so nonchalant about Lionel being missing Detective work is never finished but Blackie Lou and Cheech will not give up When other obligations intrude on Lou Blackie and Cheech must go on the search for Lionel alone with the help of the powers of JEDI Cosmos Thanks for the help of Cheech s ability to talk and size up dire situations and work with his friend Blackie dog **The Führer and his Deputies** Orlando Pearson,2017-11-21 Giallo novelette 27 pagine May 1945 The British Government needs to decide whether to put Rudolph He Hitler s deputy on trial on for war crimes May 1945 The British Government needs to decide whether to put Rudolph He Hitler s deputy on trial on for war crimes He flew to Britain in 1941 but no one has been able to work out why he came as he neither sought political asylum nor brought peace proposals Holmes is commissioned to carry out the interrogation of He This proves to be a highly dramatic affair as it reveals not only the totally unexpected reason for He s flight but also some completely unknown facts about Hitler Dr Watson s papers on this case were only discovered in the summer of 2015 and this is the first time the true story can be told Orlando Pearson creator of the well known Redacted Sherlock Holmes series commutes into London during the day and communes with the spirits of Baker Street by night An international businessman his interests include classical music history literature current affairs sport and economics All these themes find their way into his stories which are being translated into German and Italian Mr Pearson is married with two children and lives near Wisteria Lodge *Air University Periodical Index* ,1949 **The Last Chapter** Eleanor Collins,2014-08-18 The century old mystery of the disappearance of Thomas Stanwell begins to unfold when a World War 1 mass grave is found at Fromelles Thomas great grandson is determined to find out what happened and travels from Australia to Europe in the quest to find answers The rich tapestry of this family saga is woven with descendants from Australia England Scotland and Germany and covers the entire 20th Century The mystery begins to unravel with an unexpected meeting in Glasgow **The Memoirs of Field-Marshal Wilhelm Keitel** Wilhelm Keitel,2000-09-12 These extraordinary memoirs written by German Field Marshal Wilhelm Keitel in the six weeks before he was hanged in Nuremberg for war crimes offers readers an unparalleled insider s view of the Wehrmacht Hitler and the events that made WWII the most devastating conflict of modern times **I Flew for the Führer. Airman ... Translated by John Ewing. [With Plates, Including Portraits.]. Heinz KNOKE, John EWING (Barrister.), 1953
Flight, 1909 *For Volk and Führer* Hans Strydom, 1982 Describes the role played by Robey Leibbrandt in Operation Weissdorn an attempt to overthrow Jan Smuts's coalition government and to establish a National Socialist republic in South Africa *For Fuhrer and Fatherland* Roderick de Normann, 2009-09-21 For Fuhrer and Fatherland is the extraordinary story of how British and American Intelligence thwarted a wartime plan for a daring mass break out of German prisoners of war from the PoW camp at Devizes in Wiltshire led by a hard core of SS troops As December 1944 drew to a close trained US interrogators stumbled on a plan so fantastic in concept that it was hard to take seriously The Interrogation Centre operatives broke the wills of the prisoners involved and got to the bottom of the story With their escape plan in tatters the SS took their revenge and tried and murdered one of their fellow prisoners who was accused of betraying the Fuhrer Despite the SS code of silence those involved were brought to justice and hanged at Pentonville Prison in October 1945 In this book the author asks the questions Why was Devizes Camp so woefully unprepared for a possible break out Why were the SS allowed to continue their reign of terror on British soil Why did the Government of the day try to cover up the events [Trial of the Major War Criminals Before the International Military Tribunal, Volume 13, Nuremberg 14 November 1945-1 October 1946](#) Various, 2023-09-03 Excerpt In April 1949 judgment was rendered in the last of the series of 12 Nuernberg war crimes trials which had begun in October 1946 and were held pursuant to Allied Control Council Law No 10 Far from being of concern solely to lawyers these trials are of especial interest to soldiers historians students of international affairs and others The defendants in these proceedings charged with war crimes and other offenses against international penal law were prominent figures in Hitler's Germany and included such outstanding diplomats and politicians as the State Secretary of the Foreign Office von Weizsaecker and cabinet ministers von Krosigk and Lammers military leaders such as Field Marshals von Leeb List and von Kuechler SS leaders such as Ohlendorf Pohl and Hildebrandt industrialists such as Flick Alfried Krupp and the directors of I G Farben and leading professional men such as the famous physician Gerhard Rose and the jurist and Acting Minister of Justice Schlegelberger In view of the weight of the accusations and the far flung activities of the defendants and the extraordinary amount of official contemporaneous German documents introduced in evidence the records of these trials constitute a major source of historical material covering many events of the fateful years 1933 and even earlier to 1945 in Germany and elsewhere in Europe The Nuernberg trials under Law No 10 were carried out under the direct authority of the Allied Control Council as manifested in that law which authorized the establishment of the Tribunals The judicial machinery for the trials including the Military Tribunals and the Office Chief of Counsel for War Crimes was prescribed by Military Government Ordinance No 7 and was part of the occupation administration for the American zone the Office of Military Government OMGUS Law No 10 Ordinance No 7 and other basic jurisdictional or administrative documents are printed in full hereinafter The proceedings in these trials were conducted throughout in the German and English languages and were

recorded in full by stenographic notes and by electrical sound recording of all oral proceedings The 12 cases required over 1 200 days of court proceedings and the transcript of these proceedings exceeds 330 000 pages exclusive of hundreds of document books briefs etc Publication of all of this material accordingly was quite unfeasible This series however contains the indictments judgments and other important portions of the record of the 12 cases and it is believed that these materials give a fair picture of the trials and as full and illuminating a picture as is possible within the space available Copies of the entire record of the trials are available in the Library of Congress the National Archives and elsewhere In some cases due to time limitations errors of one sort or another have crept into the translations which were available to the Tribunal In other cases the same document appears in different trials or even at different parts of the same trial with variations in translation For the most part these inconsistencies have been allowed to remain and only such errors as might cause misunderstanding have been corrected

The Nuremberg Trials: Complete Tribunal Proceedings (V. 11) International Military Tribunal, 2022-01-28 The Nuremberg trials were a series of military tribunals held after World War II by the Allied forces under international law and the laws of war The trials were most notable for the prosecution of prominent members of the political military judicial and economic leadership of Nazi Germany who planned carried out or otherwise participated in the Holocaust and other war crimes The trials were held in Nuremberg Germany _x000D_ This volume contains trial proceedings from 3 May 1946 to 15 May 1946
