Olsson,2017-03-26 We begin in 1920 at Umea Sweden a small riverside town high on the west coast of the Gulf of Bothnia They are near the southern limits of the territory across which the meandering Laplanders the last of mankind s race of hunter gatherers have traveled since the last ice age Olga and Axel Olsson have four boys closely spaced in age to raise in this rugged environment They were well equipped to do so with a father who was living on a military pension for an accidental injury sustained while serving as a sergeant in the Swedish military Correspondingly Olga was a government trained midwife delivering babies from all sectors of society The firstborn was the trailblazer and left home to find his way when he graduated with a very fine education from the gymnasium at sixteen but he could not gain entrance to the state university system due to no fault of his own Consequently he went to sea on a great sailing ship and found his way on a globe girdling trip into the future in the world depression between the two great world wars His mother was sent to school to be a

midwife by Max von Planck He recruited her as a very bright sixteen year old high school senior to babysit his three youngsters while he had his family on a summer vacation in Sweden in 1901 This renowned professor was showing his appreciation for her fine service to his three children during this summer interlude Swede as he was sometimes called was swept into the US peacetime Army for a three year stint from 1928 through 1930 His entire enlistment was served at Fort Hoyle Aberdeen Maryland concurrently with two officers who were destined for the history books Major George S Patton Jr and First Lieutenant A C McAuliffe Swede was honorably discharged and made a place for himself in Baltimore during the prohibition years He married a Virginia farm girl who had moved to the big city to escape the rigors of the farm Swede struggled to acquire a trade and landed a position with an airplane builder in the Baltimore area His gymnasium education and familiarity with the metric system helped him gain entry into a highly skilled trade as a machinist toolmaker building bombers for the French and British at Martin in 1939 and 1940 After twenty five years at Martin he retired to ownership of a small boatyard and to see his two sons marry and have families with six grandchildren He quietly passed away in 1981 handsomely eulogized by his best friend s son while living on his property at Bodkins Creek Maryland Meanwhile the sixty years of handwritten letters to Grandma in her treasured America s box found their way to the USA where they were translated into English and found their way into our story *Greatest Sin* Nora Kensington,2025-05-04 He was supposed to keep her safe Not fall for her Andrew retired NHL legend confirmed bachelor and Boston s next big hockey coach thought nothing could shake his focus He s back in the city he left behind ready to win titles not tangle with trouble But when a late night call forces him to bail out his best friend s daughter and take her in for a month Andrew s well ordered world spins out of control Chloe is not the little girl he imagined She s twenty stunning defiant and completely off limits Living under the same roof becomes a slow burn neither of them can resist Every glance ignites temptation Every touch crosses a line And every second brings them closer to a secret that could destroy them both One month One rule Don t fall in love But what happens when your greatest sin feels like the only thing that s right Fight Faithfully Melissa Marks,2021-09-01 I wrote this book with raw emotions and stories to show anyone facing an invisible illness of any kind that he or she is not alone My personal conditions are centered on endometriosis infertility and loss but that does not necessarily mean that you need to be experiencing the pain of those three for this book to help you I have a dream that one day everyone can feel known seen and understood no matter what battle they might be facing Everyone has a story to tell and I wanted to share mine with the world with a prayer to help at least one person see that he or she does not have to go through the uphill battle alone If you are anything like me you have more people in your life that do not understand you than the ones that do Cling to the ones that get you the ones that really understand your pain and do not fault you for the uncontrollable things that may come your way If I can pass down any advice it would be two things First once you set your mind to something stick with it Stand strong and know that in times where you feel alone all it takes is speaking up and you will see there are many people out there not all

that different than yourself Second do not try too hard to get empathy from everyone in your life People can only give what they have The same goes for empathy Those who do not possess it cannot hand it out Always remember that the faithful fight really boils down to the strength it takes to keep fighting when no one can see your pain Dark Agenda CD
