**I Don't Have Enough Faith to Be an Atheist** Norman L. Geisler, Frank Turek, 2021-05-17 To some the concept of having faith in a higher power or a set of religious beliefs is nonsensical Indeed many view religion in general and Christianity in particular as unfounded and unreasonable Norman Geisler and Frank Turek argue however that Christianity is not only more reasonable than all other belief systems but is indeed more rational than unbelief itself With conviction and clear thinking Geisler and Turek guide readers through some of the traditional tested arguments for the existence of a creator God They move into an examination of the source of morality and the reliability of the New Testament accounts concerning Jesus The final section of the book deals with a detailed investigation of the claims of Christ This volume will be an interesting read for those skeptical about Christianity as well as a helpful resource for Christians seeking to articulate a more sophisticated defense of their faith

*Apologetics for a New Generation* Sean McDowell, 2009-03-01 Many teenagers leave home for college but don t take their faith with them Popular writer and speaker Sean McDowell offers a solution for this problem a new way of approaching faith that addresses the questions the emerging generation is asking and that incorporates a radically humble and relational approach An impressive list of contributors including Dan Kimball They Like Jesus but Not the Church Brian Godawa Hollywood Worldviews and Josh McDowell show that today s apologetics must employ a clear connection with everyday life an invitation for people to express their doubts and wrestle with tough questions a culturally savvy understanding of the way secular people view Christians an engaging methodology that captures the imagination before engaging the mind a strong emphasis on the resurrection and how it changes everything This resource is imperative for leaders who are ready to engage a new generation with the claims of Christ

*Faith Examined* Clark R. Bates, 2023-10-13 This book serves two purposes to honor the apologist and author Dr Frank Turek and in the spirit of his ministry present reasoned responses to challenges currently facing the church Every year for more than one decade Dr Turek has hosted the Cross Examined Instructors Academy CIA through his Cross Examined Ministries wherein he leads a group of professors and apologists as they teach and train others in the field of apologetics Several rising stars within the apologetics community began their ministries because of Dr Turek and the CIA The authors of this book were chosen from this ever widening pool of CIA attendees past and present most of whom have gone on to academic instruction or their own successful

apologetics ministries Their contributions broadly address challenges from philosophy and science challenges against Jesus and the Bible and even challenges facing parents and the church Many topics offer new approaches while others reestablish existing responses but all seek to provide answers to a skeptical world for the hope that rests within all Christians

**Developing a Christian Apologetics Educational Program** Douglas E. Potter,2010-02-18 Many are expressing concern about the future of Christian youth today What can we do to help ensure they will keep their evangelical faith once they graduate from high school Can Christian apologetics provide an educational solution Developing A Christian Apologetics Educational Program explores issues certain to be encountered by secondary school educators who want to teach apologetics as a distinct subject of study either as a part of a Christian institutional or home school curriculum This book helps the apologist and educator blend their skills to soundly integrate the two subjects A solution is sought by providing a background and rational for implementing an age level appropriate apologetics course at this critical level of Christian education This book is designed as a text to supplement those used in Christian education or applied apologetics courses each chapter successively builds upon the other to help develop an educational philosophy that supports the inclusion of apologetics in the curriculum A model is explained and materials are given to support the development of a curriculum in Christian Apologetics Education at the secondary level Practical ideas are explored and a sample unit of instruction is supplied to help the educator develop an evangelical approach to education that is in the classical apologetic tradition Youth Ministry in a Multifaith Society Len Kageler,2014-04-24 How do we ground our young people in the faith while encouraging their relationships with friends of other faiths Veteran youth minister and researcher Len Kageler digs into the data surrounding this exciting multifaith era and offers surprising confidence that our kids can be guided into mature Christian faith while simultaneously learning to love their neighbors of other religions *Creation and the Courts (With Never Before Published Testimony from the "Scopes II" Trial)* Norman L. Geisler,2007-04-23 With the explosion of the Intelligent Design movement many Americans are once again forced to take sides in the long standing battle between creation and evolution Yet many feel inadequately educated on the judicial process of this battle In Creation and the Courts Norman Geisler offers a behind the scenes look at the testimonies and arguments of the prosecution and defense of the major creation versus evolution court battles Geisler offers a compelling look at the erosion of Christian influence in America s public schools Creation and the Courts encourages readers to learn from the past judicial fights and to take their rightful places in the battle These conflicts in today s classrooms and courtrooms must continue to be fought and anyone willing to be a soldier must be equipped with the knowledge found in this book **Why I Still Don't Have Enough Faith to be an Atheist** Frank Turek,2012 12 Part DVD series in set Can be used alone or as a supplement to workbooks and curriculum **Real-Life Discipleship** Jim Putman,2014-02-27 Is your church making disciples who make disciples who make disciples Real Life Discipleship explains what should happen in the life of every Christian and in every small group so that the church becomes an army of believers

Pouring In Kim Kurtz, 2018-03-13 The world had changed Families had changed Values had changed The meaning of religion had changed After author Kim Kurtz graduated from high school twenty five years ago the world was not what she expected The moral landscape of college and life thereafter was hostile and foreign She struggled when the faith of her childhood didn t translate smoothly into adulthood She was disillusioned when the formulas of faith and church that she had always known no longer worked The messiness of life the difficulty of marriage and relationships and the many ups and downs she experienced were overwhelming Her faith couldn t handle it and she walked away According to research Kim wasn t alone 75% of young people raised in a Christian home leave the church after they leave the home Numerous studies show that Christian families are losing their kids and have been for decades A majority of church youth aren t developing a personal powerful and passionate faith in Jesus Christ And a passive faith quickly fades to no faith at all We can no longer afford as Christian parents as the church or as a nation to ignore this problem Pouring In addresses the profoundly difficult task of passing on a lasting faith to future generations Effectively passing on the baton of faith allows our kids to experience the love peace and hope that can only come from a genuine relationship with Jesus Christ Make no mistake YOU have the power to greatly affect the trajectory of your child s faith

Faith Seeking Understanding David Marshall,2012-06-26 Essays in Memory of Paul Brand and Ralph D Winter How does the Christian faith help us see into the true nature of life more clearly Why do people suffer Where do we come from What does Jesus have to say to a changing world What can we learn from great mission pioneers about seeking truth at the cutting edges of human knowledge Faith Seeking Understanding explores such questions Notable Christian thinkers such as Philip Yancey Alvin Plantinga Rodney Stark Allan Chapman Don Richardson Yuan Zhiming and more share powerful insights that from the perspective of Christian faith help answer people s deepest questions in the twenty first century Inspired by the lives and accomplishments of Paul Brand and Ralph D Winter this book seeks to apply the curious open minded and compassionate spirit these Christian leaders exhibited to key contemporary questions in science history philosophy theology and comparative religion The reader will gain a fresh appreciation for the intellectual challenges of the Christian faith and some of the most fascinating and sometimes controversial ways in which those challenges are being met Killer Politics Ed Schultz,2010-05-17 The middle class where the greatness of this nation is rooted is under siege by an increasingly unethical system managed by economic vampires who are sucking the lifeblood out of the American family and ripping the heart out of democracy itself Big money and the politicians who are swayed by it play both parties against each other using this false battle to distract most of us from the real war which is a war against the American family This is it folks the moment of truth This will be the moment historians will look back upon and either say it was the moment this great ship of state corrected its course or the moment it sailed completely away from its democratic ideals To succeed we have to reach back and rediscover our greatness Progress may not come as fast as we in our impatience and impertinence demand But if we are patient and persistent it will come All good things in life require a heavy lift so roll up your sleeves We are not done yet from Killer Politics According to a 2008 Pew Report more than half of all Americans self identify as middle class but the actual number of Americans with middle class incomes is declining The middle class is going away As increasing numbers of Americans are faced with obstacles to education health care jobs and equity the middle class as a financial bracket is being replaced by the middle class as little more than a state of mind The richest Americans are growing exponentially wealthier while the rest of us struggle to bear the financial and emotional burdens of an increasingly broken system In Killer Politics Ed Schultz pulls the wool back from our eyes shows us what the state of the middle class really is and gives us the tools we need to fight back American Book Publishing Record ,2004 Perspectives on Science and Christian Faith ,2007 Presbyterian Life ,1962 *To Become a Priest* Den Adler,2007-07 Thirteen year old Danny Bates is obsessed with becoming a Catholic priest and he enters Southport Wisconsin s Resurrection Seminary in 1957 But a tragic fire in Chicago ignites doubts about the God

Danny is so eager to serve and he falls in love with Jessica Fernetan his best friend Pat's twin sister As Jessica urges both Danny and Pat to leave the seminary and with the Church in a period of dramatic change following its second Vatican Council the young seminarians face agonizing choices In a powerful and sensitive account of competing personal values To Become a Priest a Love Story follows the intertwined lives of Danny Pat and Jessica over the next forty years to a memorable ending at the place where their story began An engrossing account of the seminary and priesthood during this period with the best depiction of the troubled terrain of sexual longing among seminarians that I have read Raymond Hedin author of Married to the Church Professor of American Literature Indiana University A conflict of fundamental values and a great love story besides Phillip Gaustad author of The Ordinance An incredibly sweet story Christine DeSmet author of Spirit Lake University of Wisconsin Madison      **Chinese Recorder and Missionary Journal** ,1927      The Living Church ,1956
