**Window to My Soul** Yusuf Haas, 2015-08-10 The Window to My Soul is an empirical experience essentially aimed to demonstrate how powerful we as humans really are and that when we come to terms with our impediments and make decisions to fight victory finally becomes ours As I reached the end of my script I realized that I needed to complete the preface to the book in the making Thinking about the past a past that I've put behind me I also realized that I had to bring those experiences into the present in order for me to make sense of what had really happened to me As I structured and completed my thoughts I eventually found the courage to put the past back to where it belonged This book covers my experiences over a period of time and I felt that I had to make sense of those happenings that took place around me while I was in a state of total confusion The stroke that I suffered was one of the key issues with which I had to deal the damage to my brain had been so severe that I could hardly grasp the full severity of what was happening to me or comprehend or come to terms with what was happening to me at the time But I knew I had to survive in the ever changing world around me
