I See Myself Vicki Cobb Science Play:

I See Myself Vicki Cobb, 2002-08-06 Look in a mirror Who do you see Your very own self that s who Now look in a shiny doorknob or in a puddle Can you see yourself in them How about in the pages of this book You might not see yourself but you will feel yourself getting smarter as you begin to understand how and why you can see yourself Renowned science author Vicki Cobb illuminates the scientific principles of light and reflection in a way that even the youngest kids can understand Follow this book with a young child who loves to play and see the light in a whole new way Discover science and the world will never look the same Fun hands on activities and irresistible illustrations by Julia Gorton makethis book a perfect excuse to learn about science just for the fun of it

A Family of Readers Martha V. Parravano, Roger Sutton, 2012-10-09 Two of the most trusted reviewers in the field join with top authors illustrators and critics in a definitive guide to choosing books for children and nurturing their love of reading A FAMILY OF READERS is the definitive resource for parents interested in enriching the reading lives of their children It s divided into four sections 1 Reading to Them Choosing and sharing board books and picture books with babies and very young children 2 Reading with Them Launching the new reader with easy readers and chapter books 3 Reading on Their Own Exploring what children read and how they read by genre and gender 4 Leaving Them Alone Respecting the reading privacy of the young adult Roger Sutton knows how and why children read He must as the editor in chief of THE HORN BOOK which since 1924 has been America s best source for reviews of books for young readers But for many parents selecting books for their children can make them feel lost Now in this essential resource Roger Sutton and Martha V Parravano executive editor at the magazine offer thoughtful essays that consider how books are read to and then by young people They invite such leading authors and artists as Maurice Sendak Katherine Paterson Margaret Mahy and Jon Scieszka as well as a selection of top critics to add their voices about the genres they know best The result is an indispensable readers companion to everything from wordless board books to the most complex and daring young adult novels

Solving the Reading Riddle Rita Soltan, 2010-04-15 This book explores what the past 75 years of reading instruction has meant to children teachers and parents and how children s librarians and school media specialists are a crucial part of the developing philosophy and strategy As a children s librarian you are increasingly being called upon to support schools and parents in teaching children to read from early literacy initiatives and read alouds to parent workshops and collection development endeavors Yet if you re like most public librarians you probably have no clue as to what reading strategies other educators use Understanding reading instruction theory and practice can help you function better in these roles and communicate more effectively with other educators and parents Solving the Reading Riddle The Librarian s Guide to Reading Instruction explains the theories and shows you how to effectively integrate reading instruction theory into your roles as reading advocate family reading coach partner with educators and keeper of the books Designed for public librarians this book is also beneficial reading for LIS students in children s librarianship courses and for teacher librarians needing
