Margaret Bonds: The Montgomery Variations and Du Bois Credo John Michael Cooper,2023-11-30 In her lifetime African American composer Margaret Bonds was classical music's most intrepid social justice activist Furthermore her Montgomery Variations 1964 and setting of W E B Du Bois's iconic Civil Rights Credo 1965-67 were the musical summits of her activism These works fell into obscurity after Bonds's death but were recovered and published in 2020 Since widely performed they are finally gaining a recognition long denied This incisive book situates The Montgomery Variations and Credo in their political and biographical contexts providing an interdisciplinary exploration that brings notables including Harry Burleigh W E B and Shirley Graham Du Bois Martin Luther King Jr Abbie Mitchell Ned Rorem and especially Langston Hughes into the works collective ambit The resulting brief but instructive appraisal introduces readers to two masterworks whose recovery is a modern musical milestone and reveals their message to be one that though born in the mid twentieth century speaks directly to our own time

Choral Arrangements of the African-American Spirituals Patricia J. Trice,1998-02-12 Although the choral arrangements of the African American spirituals constitute the largest group of folk song arrangements in western literature they have received little scholarly attention This book provides the needed historical and stylistic information about the spirituals and the arrangements It traces the history and cultural roots of the genre through its inception and delineates the African and European characteristics common to the original folk songs and arrangements Ensembles that have perpetuated the growth of the spiritual arrangements from Fisk Jubilee Singers of the 1870s through those currently active are chronicled as well Musicians choral directors and scholars will welcome this first complete text on the African American spiritual genre Annotated listings of titles provide information choral directors need to make ensemble appropriate performance choices Arrangements indexed by title arranger and subject complement the accompanying biographies and repertoire information Well organized and thoroughly researched this text is a valuable addition to music choral multicultural and African American libraries
