

The top half of the book cover features a photograph of a long, straight pier or walkway made of wooden planks, receding into the distance. The planks are painted in alternating stripes of yellow, orange, and blue. The pier is flanked by a deep blue sea under a dramatic, cloudy sky. In the far distance, a small white structure is visible on the horizon. The Oxford University Press logo is in the top left corner.

Handbook of Trade Policy for Development Arvid Lukauskas, Robert M. Stern, Gianni Zanini, 2013-09 This book explores the field of international trade with an emphasis on its implications for development It provides a brief review of the main theoretical approaches and an overview of the global trading system different trading arrangements and policy issues

The Oxford Handbook of the Political Economy of International Trade Lisa L. Martin, 2015 The Oxford Handbook of the Political Economy of International Trade presents the most up to date review of scholarship in this field Building on an understanding of the economic interests that drive international trade political scientists integrate theories of domestic society domestic institutions and international organizations to further our understanding of this vital force of globalization This volume both surveys established theory and showcases cutting edge research Progressive Policies for Economic Development Alfredo Saad-Filho, 2021-07-28 Despite the unprecedented gravity of the challenges posed by global warming most political systems have not given them the required priority The oil industry has resisted and many countries have taken only token measures to reduce emissions and mitigate the worst effects In this context this book examines the progressive options available to today's developing countries as they face the limitations of neoliberalism and the existential challenge of global warming Examining the cases of both low income fossil fuel dependent economies and large middle income economies this book argues that for all developing economies the best way forward includes green macroeconomic policies articulated with progressive industrial and social policies thus allowing these countries to achieve economic diversification build alternative drivers of growth and deliver improvements in the distribution of income wealth and power There is urgent need for this progressive policy agenda grounded on heterodox economics committed to social integration and the reduction of multiple inequalities to improve the economic outcomes for these countries improve the lives of citizens and meet global climate targets The book argues that capitalism challenges the possibility of free and dignified existence while climate change challenges the possibility of life itself and that these challenges must be confronted together Since neoliberal capitalism will not adopt the necessary policies to reduce carbon emissions rapidly it must be overthrown not only for ethical or logical reasons or to shift to better arrangements for the functioning of society but in order to preserve the conditions for life itself This agenda for progressive economic development is essential reading for anyone interested in heterodox economics development studies international politics international relations and sustainable business **The Oxford Handbook of International Trade Law**, 2022-11-17 The rules and regulations governing international trade have grown at an exponential rate in the years since the Uruguay Round agreements established the WTO in 1995 These agreements continue to act as the multilateral foundation of the body of law which is being expanded by its own committees and in new arrangements As the international trade law system grows it comes under increasing scrutiny from scholars government officials and trade law practitioners it raises questions about the overlap with other international legal political and economic

regimes This Handbook considers the system of international trade law and what it means for States for economic systems for other international regimes for civil society and for human welfare The book opens by focusing on the regulation of international trade considering the history economics and sources of international trade law as well as the possibilities for the future It considers the intersection of international trade law with States the economic and institutional context of the world trading system the framework of its substantive law and the balance of trade objectives versus ethical responsibilities The book concludes by offering analysis of new trade law developments in the agricultural digital and financial sectors as well as outlining the settlement of trade law disputes both in the WTO and bilateral regional trade agreements The second edition broadens the scope of analysis beyond the WTO analysing regional trade agreements and preferential trade arrangements including the Trans Pacific Partnership and Canada EU Trade Agreement The new edition also considers developments within the WTO such as in the area of agricultural export subsidies and the Trade Facilitation Agreement

The Oxford Handbook of the Economics of the Pacific Rim Inderjit Kaur,Nirvikar Singh,2014 A survey of the economy of the Pacific Rim region **The World Bank Research Program, 2005-2007** ,2008 This pocket sized reference on key environmental data for over 200 countries includes key indicators on agriculture forestry biodiversity energy emission and pollution and water and sanitation The volume helps establish a sound base of information to help set priorities and measure progress toward environmental sustainability goals The Oxford Handbook on The World Trade Organization Amrita Narlikar,Martin Daunton,Robert M. Stern,2012-05-31 The Oxford Handbook on the World Trade Organization provides an authoritative and cutting edge account of the World Trade Organization Its purpose is to provide a holistic understanding of what the WTO does how it goes about fulfilling its tasks its achievements and problems and how it might contend with some critical challenges The Handbook benefits from an interdisciplinary approach The editorial team comprises a transatlantic partnership between a political scientist a historian and an economist The distinguished and international team of contributors to the volume includes leading political scientists historians economists lawyers and practitioners working in the area of multilateral trade All the chapters present original and state of the art research material They critically engage with existing academic and policy debates and also contribute to the evolution of the field by setting the agenda for current and future WTO studies The Handbook is aimed at research institutions university academics post graduate students and final year undergraduates working in the areas of international organization trade policy and negotiations global economic governance and economic diplomacy As such it should find an enthusiastic readership amongst students and scholars in History Economics Political Science International Relations Public Policy and Law Equally important the book should have direct relevance for diplomats international bureaucrats government officials and other policy makers and practitioners in the area of trade and economic governance Routledge Handbook of the Extractive Industries and Sustainable Development Natalia Yakovleva,Edmund Nickless,2022-05-30 The Routledge Handbook of the Extractive
