Happy Hooking The Art Of Anchoring:

Happy Hooking - The Art of Anchoring Alex Blackwell, Daria Blackwell, 2011-10 Happy Hooking The Art of Anchoring is a very readable book on boat anchoring. It is loaded with valuable information on anchoring tackle, anchoring technique, tying up and rafting, anchoring etiquette, as well as the occasional anecdote. Simply stated, a must have for any boater or sailor. The second expanded edition of Happy Hooking the Art of Anchoring features More gear, More photos, More illustrations, More independent reviews, Experience from both sides of the Atlantic, Personal anecdotes based on many thousands of miles of sailing and countless times anchoring. Unless you are far offshore at some point or another, you are going to need to park your boat. Just like knowing how to stop your car before you start is perhaps the most important part of driving, we feel that anchoring is perhaps the most important skill you can and should acquire in boating. Anchoring a boat can be a lovely dance in a harbor or a painful and often embarrassing display of Homo sapiens inability to plan or communicate. We will endeavor to help you find a combination of tackle and technique best suited for your circumstances when anchoring your vessel. By outlining how different anchors work, the pluses and minuses of different adjunctive pieces of equipment, the current thinking about how to deploy this equipment and how to select an anchorage, we hope you will be armed with enough information to make some informed decisions about what might work best for you. If you could take only one piece of advice from these pages with you on your travels, perhaps you will remember what Tommy Moran, an old salt in the West of Ireland, advised time and again: Anchor as though you plan to stay for weeks, even if you intend to leave in an hour.

Easy to read and filled with super clear illustrations and drawings. Add Happy Hooking The Art of Anchoring to your onboard list of must have guides for safe anchoring wherever in the world you choose to cruise. SailWorld.com: Might be compulsory reading for the new sailor. Even the most experienced will find much new material here. Latitudes Attitudes Seafaring: This is the bible for all things anchoring.
