

LA CONSPIRACION REPTILIANA

La invasión alienígena es uno de los mitos modernos más repetidos desde que H.G. Wells publicó La guerra de los mundos en 1897. Cientos de veces se ha repetido la misma historia en cine, televisión, literatura, videojuegos y cuantos medios hemos usado los humanos para narrar ficción. Su éxito se explica porque conjunta nuestra fascinación por lo que pueda haber ahí fuera -esa duda de si estamos o no solos en el universo- y un ancestral miedo a un ataque de la tribu vecina. Pero eso es ficción, nadie cree que pueda ser verdad... ¿o no? Según un estudio que se realizó durante las elecciones americanas de 2016 hasta 12 millones de americanos, un **4% del electorado, creía en la llamada conspiración de los reptilianos**. Una teoría exageradamente loca que asegura que las élites mundiales son o están controladas por unos extraterrestres con forma de lagarto que se ocultan entre nosotros.

Y sí, es posible que la teoría te parezca una copia de la trama de V, la mítica serie de los 80 en la que Diana y sus amigos venían a nuestro planeta con caretas de plástico para invadirnos entre el ratón del almuerzo y el de la comida. No cabe duda de que David Ickle, el principal hacedor de esta teoría, la había visto y disfrutado. Antes de descubrir El mayor secreto -título del libro que le lanzó a la conspiranómica fama- fue futbolista -concretamente portero del Hereford United- hasta que una lesión le forzó a una temprana retirada. Entonces pasó a trabajar como comentarista deportivo de la BBC hasta que una serie de experiencias místicas le hizo descubrir la realidad oculta tras el telón que es nuestro mundo.

Ickle partió de teorías ya planteadas, añadiéndole su propio toque y con el tiempo ha ido reajustándolas a los hechos que sucedían en el mundo real -como el 11S-. Un poco como ocurre en los cómics, ha ido mutando con el tiempo, a lo que hay que añadir nuevas versiones planteadas por los millones de conspiranómicos que pueblan los foros de Internet y canales de YouTube. Plantear una cronología lógica es casi imposible, pero si no se lo pedimos a Marvel ¿por qué pedirselo a una cosmovisión?
