La Izquierda Contraataca La Izquierda Contraataca:

La izquierda contraataca James Petras, 2000-02-07 Am rica Latina despliega la historia de 500 a os de explotaci n despiadada por parte de las distintas potencias occidentales que han incluido al continente en su rea de influencia hegem nica El neoliberalismo no es sino la ltima estrategia econ mica pol tica cultural e ideol gica de subordinaci n de los pueblos y de los recursos latinoamericanos a las necesidades y a los proyectos de la potencia occidental dominante James Petras examina minuciosamente los antecedentes inmediatos del ciclo neoliberal se alando su conexi n con la destrucci n militar de toda la experiencia pol tica social econ mica y cultural que la izquierda latinoamericana articul durante las d cadas de 1960 y 1970 El sostenimiento de la hegemon a estadounidense exig a subordinar de nuevo los recursos latinoamericanos a la revitalizaci n econ mica de los Estados Unidos Desde mediados de la d cada de 1980 la profunda crisis de las sociedades y de la izquierda tradicional latinoamericanas ha dado lugar a la efervescente emergencia de movimientos sociales que hoy est n intentando reconstruir una pr ctica pol tica radical ante el hundimiento de los modelos de la vieja izquierda y de sus experiencias nacionalistas de desarrollo socioecon mico En este contexto se enmarca su cr tica del libro *La utop a desarmada* de Jorge Casta eda indicando las debilidades y los sesgos interpretativos de esta nueva versi n de un pragmatismo imposible Petras efect a tambi n una s lida cr tica del impacto de las ONG en la realidad pol tica latinoamericana como ariete desmovilizador de las luchas sociales y pol ticas enraizadas en la necesidad de transformaci n radical de la estructura social y autogestionadas por los propios sujetos implicados en las mismas Analiza tambi n la irracional pol tica contra Cuba llevada a cabo por la Administraci n Clinton en un escenario internacional profundamente modificado y ante una realidad cubana que ha cambiado algunos de sus principios de funcionamiento

Movimientos sociales y ciudadan a Manuel de la Fuente, Marc Hufty, 2007 *The Social Outburst and Political Representation in Chile* Bernardo Navarrete, Victor Tricot, 2021-07-16 This is the first book in English to present a comprehensive analysis of the October 2019 social outbreak in Chile and its consequences for the country s political system For almost 30 years 1990 2019 Chile was recognized as a model of political and economic stability in Latin America but the 2019 protests put into question the whole structure of representation based on programmatic political parties This contributed volume analyzes the causes of the social outbreak by examining the interaction between political parties and social movements in Chile since 2000 establishing bridges between the sociology of social movements and the political science of parties and forms of traditional political representation The book is organized in three parts The first part analyzes the collapse of the political party system in Chile The second part shows how social movements introduced innovative forms of political mobilization that challenged the traditional forms of political representation Finally the third part presents case studies focusing on specific social movements and their contributions to the renewal of political representation in Chile The *Social Outburst and Political Representation in Chile* will be a valuable resource for sociologists political scientists and other social scientists interested in understanding the challenges posed to

political parties and institutions by social movements formed by citizens who no longer see themselves represented by the traditional forms political participation Venezuela Jorge Joquera, 2003 Each day the peoples of Latin America and the Caribbean will be increasingly convinced that there is no other road but revolution For us there is no other road but revolution Hugo Chavez A revolutionary process is unfolding in Venezuela part of a continental rebellion unparalleled since the 1960s and 70s Bourgeois power is being challenged by the emergence of a counter power of the working classes The reforms of the Chavez government have re ignited the class struggle after years of defeat and decay of the left This is not a simple replay of the Salvador Allende government in Chile 30 years ago The Venezuelan army is deeply divided and within it there is a revolutionary current of officers and soldiers Chavez himself has radicalised and fallen back not on the institutions of bourgeois democracy but the revolutionary power of the working masses Internationally the left has become all too accustomed to analysing defeat and unfamiliar with the measure of a revolution The development of the Venezuelan class struggle is an important opportunity to re acquaint ourselves with the real world development of class consciousness and the tactical complexities of a life and death struggle for power This publication is only a condensed introduction to the evolution of the struggle and its key challenges but we hope that it might inspire others to study the Venezuelan revolution and draw from it the inspiration now feeding rebellion across Latin America **Las provincias contraatacan** U. Juan Zevallos Aguilar, 2009 Aborda el tema del centralismo de estado El autor analiza aqu cinco proyectos que buscan la inclusi n de mestizos e ind genas en el Estado naci n peruano UCRANIA. LOS IMPERIOS CONTRAATACAN Víctor De Currea-Lugo, 2022-12-01 Un acercamiento a la guerra actual entre Ucrania y Rusia desde el periodismo En un mundo polarizado y vale decirlo poco informado hay una tendencia a explicar los conflictos armados a trav s de una nica causa o negando sus aristas y matices Este trabajo invita a la mirada compleja de una guerra con implicaciones globales de orden social econ mico y pol tico Las diferentes piezas del rompecabezas ucraniano incluyen la ocupaci n rusa la guerra de Donb s el persistente pensamiento imperial las formaciones neonazis el derecho internacional fallido la expansi n de la OTAN y la crisis humanitaria m s grande de Europa en d cadas En este libro los lectores encontrar n informaci n que el autor recoge de primera mano durante abril de 2022 a pocos meses de haberse iniciado la invasi n en un intento de entender la guerra entre Ucrania y Rusia al verla personalmente al igual que lo ha hecho con otros conflictos *Our Caribbean Kin* Alaí Reyes-Santos, 2015-06-15 Beset by the forces of European colonialism US imperialism and neoliberalism the people of the Antilles have had good reasons to band together politically and economically yet not all Dominicans Haitians and Puerto Ricans have heeded the calls for collective action So what has determined whether Antillean solidarity movements fail or succeed In this comprehensive new study Ala Reyes Santos argues that the crucial factor has been the extent to which Dominicans Haitians and Puerto Ricans imagine each other as kin *Our Caribbean Kin* considers three key moments in the region s history the nineteenth century when the antillanismo movement sought to throw off the yoke of colonial occupation

the 1930s at the height of the region's struggles with US imperialism and the past thirty years as neoliberal economic and social policies have encroached upon the islands. At each moment the book demonstrates specific tropes of brotherhood, marriage and lineage have been mobilized to construct political kinship among Antilleans while racist and xenophobic discourses have made it difficult for them to imagine themselves as part of one big family. Recognizing the wide array of contexts in which Antilleans learn to affirm or deny kinship, Reyes Santos draws from a vast archive of media including everything from canonical novels to political tracts, historical newspapers to online forums, sociological texts to local jokes. Along the way she uncovers the conflicts, secrets and internal hierarchies that characterize kin relations among Antilleans but she also discovers how they have used notions of kinship to create cohesion across differences.

Alter-Globalization Geoffrey Pleyers, 2013-04-23

Contrary to the common view that globalization undermines social agency, alter globalization activists that is those who contest globalization in its neo liberal form have developed new ways to become actors in the global age. They propose alternatives to Washington Consensus policies, implement horizontal and participatory organization models and promote a nascent global public space. Rather than being anti globalization, these activists have built a truly global movement that has gathered citizens, committed intellectuals, indigenous farmers, dalits and NGOs against neoliberal policies in street demonstrations and Social Forums all over the world from Bangalore to Seattle and from Porto Alegre to Nairobi. This book analyses this worldwide movement on the bases of extensive field research conducted since 1999. Alter Globalization provides a comprehensive account of these critical global forces and their attempts to answer one of the major challenges of our time: How can citizens and civil society contribute to the building of a fairer, sustainable and more democratic co existence of human beings in a global world.
