Costumes of Egypt Shahira Mehrez,2000-12-31 Costumes of Egypt The Lost Legacies sums up decades of Shahira Mehrez's research. It is a four volume work recording and tracing the origin of hitherto undocumented ways of dressing and jewelry of Egyptian women most of which have today become obsolete. The costumes surveyed in this first volume establish the fact that irrespective of distant geographic locations beyond religious and ethnic diversity and throughout thousands of years of history and successive civilizations Nubians Nile Valley peasants Bedouins and oasis dwellers both Christian and Muslim were heirs to the same legacy. Old and new emblems were melted into one tradition defining a multifaceted but harmonious Egyptian identity. This tradition provides undeniable and tangible proof of the unity of the country and bears witness to the fact that throughout history these various communities were the different parts of a multicultural and pluralistic nation.

Entre mémoire et pouvoir Antoine Borrut,2010-11-11 Cet ouvrage entend à montrer qu'une solide culture de l'écriture de l'histoire existait dans la Syrie du 2e au 8e siècle et propose de nouvelles approches méthodologiques afin d'offrir un accès vers cette historiographie perdue tiraillée entre la mémoire et l'oubli. En étudiant la fabrique des héros omeyyades ou des mythes d'origines abbassides, cette étude s'efforce de mettre au jour les significations successives données à l'histoire syrienne et à identifier les différentes strates d'écritures et de récits de l'histoire au cours des premiers siècles de l'islam. L'ensemble de ces éléments conduit à proposer une histoire du sens de l'espace syrien articulée autour de la thématique du pouvoir qui donne une profonde cohérence à la période par delà la caesura dynastique de 132-750. This book intends to demonstrate that a robust culture of historical writing existed in 2nd-8th century Syria and to offer new methodological approaches to access this now lost history torn between memory and oblivion. By studying the making of Umayyad heroes or Abbasid origins myths, this study aims to reveal the successive meanings granted to Syrian history and to identify the various layers of historical writing and rewriting during the first centuries of Islam. Taken together, these elements make possible a history of the meaning of the very space of Syria articulated around power and its expression which grants a clear coherence to the period extending well beyond the dynastic caesura of 132-750.
