La protección del menor en el derecho europeo y español. El sharenting y su problemática García García, Ainoa, 2021-03-08 En la actualidad las redes sociales ostentan un papel fundamental en nuestra vida diaria y en especial en la vida de la mayoría de los menores De hecho el acceso a Internet se produce a edades cada vez más tempranas Esta situación sumada al fenómeno de

los menores influencers es decir aquellos menores que reciben una contraprestación por subir contenido a las plataformas digitales han provocado un aumento significativo de los riesgos a los que se exponen en la Red Asimismo nos encontramos ante el auge de un escenario particular el sharenting las familias que sobreexponen a sus hijos e hijas en las redes sociales De este modo la presente monografía pretende examinar la protección del derecho al honor a la intimidad personal y familiar y a la propia imagen de los menores en este contexto digital internacional por su propia naturaleza y la penetración de las redes sociales Concretamente esta investigación mostrar los riesgos a los que se exponen los menores de edad desde la perspectiva de género y analizar la normativa estadounidense europea y española en la materia con el fin de estudiar la actual regulación del fenómeno y elaborar un examen crítico del mismo para la defensa del interés de tan vulnerable sector de la población
