Espacios en la historia: Pilar Gonzalo Aizpuru, 2015-07-31 Qu' importancia tienen los espacios en la historia Sin duda hay un lugar en que realizamos nuestro trabajo disfrutamos nuestros momentos de ocio y de descanso o convivimos con amigos parientes y colegas Los historiadores reconocemos la necesidad de situar los acontecimientos que reseñamos en el sitio que les corresponde pero tenemos el compromiso de definirlo por algo más que unos límites geográficos ya que un mismo contorno territorial puede acoger según el momento y la voluntad de sus ocupantes una escuela o una iglesia un lugar de culto o un burdel un taller o un arsenal Pero además hay pocas en que los seres humanos

se sienten más o menos de modos en determinados espacios buscan identificarse con el que corresponde a su ámbito cultural y si no lo encuentran lo crean. Cuando hablamos de cultura nos referimos a todo aquello que es expresión de la conducta humana. Por lo tanto los espacios sociales son creados o modificados por individuos y comunidades con su inseparable carga de creencias y costumbres de tal modo que se puedan identificar los valores que predominan las aspiraciones de quienes los habitan. Las rutinas de comunicación y los derroteros de superación o retroceso en las relaciones de convivencia. Por eso más que de territorios en este libro hablamos de espacios culturales sociales y afectivos.
