Hard To Forget An American With The Mobile Guerrilla Force In Vietnam:

Hard to Forget Steven M. Yedinak, 1998 In the glory days of the Green Berets he served with the very best U S Army captain and Green Beret Steven M Yedinak welcomes readers to the year 1966 and to the Mobile Guerrilla Force MGF where soldiers must prepare to be outmanned outgunned and deep in enemy territory with no chance of artillery support or medevac This is a rare firsthand account of the U S s only attempt at guerrilla warfare in Vietnam **Historical Dictionary of the War in Vietnam** Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War Voices from the Vietnam War Xiaobing Li, 2010-05-07 Some of this book is heartrending some of it is as gripping as a thriller and all of it will add to our understanding of the war Booklist The Vietnam War s influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in *Voices from the Vietnam War Stories from American Asian and Russian Veterans* Li spent seven years gathering hundreds of personal accounts from survivors accounts that span continents nationalities and political affiliations The twenty two intimate stories in this book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a KGB spy These narratives humanize and contextualize the war s events while shedding light on aspects of the war previously unknown to

Western scholars providing fresh perspectives on a long discussed topic Li's achievement is most remarkable for the window he opens onto the lives of Chinese and Russian veterans their rare accounts appear here for the first time in English

Publishers Weekly **No Greater Loss: Memoirs of a Green Beret Under Two Flags** Saren Thach, MST, CPA, 2024-08-12 The war in Cambodia 1970-1975 pitching the unprepared Cambodian army against the battle tested communist Vietcong North Vietnamese troops who had fought for over a decade against the mighty American army was a lopsided brutal conflict Soon after the communist Khmer Rouge added to their rank The heroic sacrifice by the Cambodian fighters the populace and the dedicated small Khmer Special Forces units all supported by the United States meager financial and logistic assistance were not enough to overcome the fatal pre war shortfall created by the Khmer leader namely Prince Norodom Sihanouk who joined the enemy in the war fighting his own people for the sake of power The book highlighted crucial military operations some known only to very few personalities which the author participated in and the resulting triumph and defeat The American Congress's refusal in late March 1975 to continue further military assistance sealed the fate of the country The Cambodian sentiment is that America callously betrayed its friend and ally whose paramount aspiration is freedom and liberty This abandonment was also the American trademark in Vietnam and decades later in Afghanistan The book provides the plausible causes of the decline of the ancient Khmer civilization near the end of the Angkor era in the fourteenth century C E the era that produced a powerful Kingdom in the entire Southeast Asia decline within the context of religious conflict and the geopolitical emergence and evolution of neighboring nations The fall of Prince Norodom Sihanouk in March of 1970 gave communist Vietnam the Khmer's traditional adversary pretext to invade the country at will against international law The Cambodians will never forgive nor forget the tremendous sufferings levied upon them in which all Khmer families were affected In the shadow of his enormous tragedy early in life and likewise that of his current wife and considering the autumn of his existence the author's wish is for the sake of humanity if he can do something good let him do it now for he will pass this planet earth only once
