La Historia De Los Jesuitas En Japon:

La historia de los Jesuitas en Japón Osami Takizawa, 2010 En este libro se presenta una síntesis novedosa de los grandes hitos de la evangelización en Japón. Se relatan en los orígenes de la labor evangelizadora de los misioneros católicos, se muestra la expansión en el archipiélago y se describen las primeras persecuciones para terminar en la progresiva eliminación del cristianismo durante los siglos XVI y XVII que llevó a su total desaparición. Los libros escritos sobre este tema en España aunque son de gran calidad técnica se han elaborado teniendo en cuenta los datos recogidos en los manuscritos y documentos conservados en España por lo tanto adolecen de una visión sobre la situación del Japón de la época. Con el objetivo de superar estos inconvenientes en este libro se reflejan las últimas tendencias de la historiografía japonesa aportando datos y conclusiones fiables sobre la labor de los misioneros en Japón. Se incluyen así hechos que todavía no se han difundido con detalle en lenguas occidentales. Al haberse combinado de manera equilibrada los datos de la historiografía española y japonesa se abre una nueva perspectiva relacionada con la política exterior en la investigación de la Historia Moderna de España.

A History of Jesuit Missions in Japan Guillaume Alonge, 2023-12-13 In the aftermath of the religious crisis triggered by the Protestant Reformation the Catholic Church set out to conquer faithful in new territories. The first missionaries to arrive in Japan were the Jesuits who were forced to adopt a different type of evangelization with a bottom up rather than a top down approach. This volume shows that Japan turned out to be a land of experimentation and development of a global Catholicism as well as an unprecedented laboratory of encounter between political, scientific and religious cultures in the age of the first globalization. It analyzes the different conversion strategies developed by the Jesuit fathers toward various groups including samurai, Buddhist bonzes and Japanese peasants. A key step was the appropriation of sacred space by the missionaries: first in a violent way with the construction of large crosses and the destruction of temples, pagodas and pagan idols; then through strategies more flexible and accommodating of replacing pre-existing cultural practices. To be attractive the Jesuit fathers had to compromise with local culture and spirituality but they were also forced in some way to simplify and modify their very way of understanding and living Christianity. This book also reflects on the reasons for the failure of this ambitious Catholic conversion project: the hostility of the Japanese ruling class, the irreducibility of a different culture and spirituality but also if not above all the rise of internal rivalries in Catholicism between Jesuits, Franciscans and Dominicans. This book marks a significant contribution to the literature on the history of the Jesuits, Catholic missions and Christianity in Japan.

La Historia Secreta de los Jesuitas Edmond Paris, 2011 Secretos de los jesuitas no quieren a los cristianos a conocer. Desde Europa escuchamos una voz del mundo secular que documenta históricamente la misma información que nos fue dada por ex sacerdotes. Edmond Paris expone con valentía la intervención del Vaticano en la política y en las intrigas mundiales además de fomentar guerras a través de la historia. Se ve sin duda alguna que la institución católica romana no es una iglesia cristiana y jamás lo fue. Proféticamente es la ramera de la que habla Apocalipsis 17-18. El pobre pueblo cat
