Préaud,Karole Bezut,Antoine D'Albis,Bard Graduate Center for Studies in the Decorative Arts,Laurie Dahlberg,Anne Lajoix,Sylvie Millasseau,1997-01-01 The tumultuous years of the French Revolution left France s prestigious decorative arts industries poised on the brink of ruin It was not until after the fall of the monarchy and the ascendancy of the Consulat and Empire under Napoleon that they began to recover so that by the middle of the nineteenth century they stood at the pinnacle of their achievement This book is the first in depth study of the renowned porcelain works at S vres during its virtual rebirth under the 47 year direction of the scientist teacher and administrator Alexandre Brongniart Some 110 working drawings from the S vres Archive are reproduced here for the first time in color They celebrate the high skill of the artists whose work often documented contemporary events in France There are table services in the Egyptian and Etruscan taste as well as

individual pieces that recall Napoleonic military campaigns There are also exquisite Neoclassical decorations using motifs such as birds butterflies and insects that reflect the century s early fascination with the natural sciences The repertoire of nineteenth century eclecticism is evident in the output of S vres from the revival of Gothic and renaissance motifs to the outburst of naturalism Eleven essays by leading authorities assess this dynamic period **FRE-MANUFACTURE DE PORCELAINE** Georges 1878- Lechevallier-Chevignard,2016-08-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *La Manufacture de Porcelaine de Sèvres* Georges Lechevallier-Chevignard,2014-03
