Enfrente Sus Temores Ed Young,2006-02 Do you worry that many of the people that come to your church do so through one door and leave through another Do you worry that there are only one or two people in your church who are really inflamed with enthusiasm to win others for Christ The concepts and principles suggested in this book do not arise from a philosophy of a speedy growth and instantaneous maturity A genuine growth takes time tears love and patience This book deals with the biblical process of the growth of a believer in Christ from the moment the person accepts him as Lord and Savior until he becomes a disciple trained to win others for the kingdom The author explains how the primitive church disciplined the new believers how to satisfy the basic needs of a new believer how to discover and train prospective workers and how to train and develop mature leaders He also gives examples of discipleship training and the process and objectives of making disciples
