The Censorship Files Alejandro Herrero-Olaizola, 2012-02-01 Drawing on extensive research in the Spanish National Archive Alejandro Herrero Olaizola examines the role played by the censorship apparatus of Franco's Spain in bringing about the Latin American literary Boom of the 1960s and 1970s He reveals the negotiations and behind the scenes maneuvering among those involved in the Spanish publishing industry Converging interests made strange bedfellows of the often left wing authors and the staid officials appointed to stand guard over Francoist morality and to defend the supposed purity of Castilian Spanish Between these two uneasily allied groups circulated larger than life real world characters like the Barcelona publisher Carlos Barral and the all powerful literary agent Carmen Balcells The author details the fascinating story of how novels by Mario Vargas Llosa Guillermo Cabrera Infante Gabriel García Márquez and Manuel Puig achieved publication in Spain and in doing so reached a worldwide market This colorful account underpins a compelling claim that even the most innovative and aesthetically challenging literature has its roots in the economics of the book trade as well as the institutions of government and the exigencies of everyday politics and ideology Encyclopedia of the World Novel, 1900 to the Present Michael David Sollars, Arbolina Llamas Jennings, 2015-04-22 Praise for the print edition a useful and engaging reference to the vast world of the novel in world literature **Voice-Overs** Daniel Balderston, Marcy E. Sollars, Arbolina Llamas Jennings, 2008 **The New International Encyclopædia** Frank Moore Colby, Talcott Williams, 1924 The Cambridge Introduction to Gabriel García Márquez Gerald Martin, 2012-04-26

The Colombian Nobel Prize winner Gabriel García Márquez b 1927 wrote two of the great novels of the twentieth century *One Hundred Years of Solitude* and *Love in the Time of Cholera*. As novelist, short story writer, and journalist, García Márquez has one of literature's most instantly recognizable styles and since the beginning of his career has explored a consistent set of themes revolving around the relationship between power and love. His novels exemplify the transition between modernist and postmodernist fiction and have made magical realism one of the most significant and influential phenomena in contemporary writing. Aimed at students of Latin American and comparative literature, this book provides essential information about García Márquez's life and career, his published work in literature and journalism, and his political engagement. It connects the fiction effectively to the writer's own experience and explains his enduring importance in world literature. *Haunted Albuquerque* Cody Polston, 2021-08-23

When the railroad arrived in Albuquerque in 1880, a whole new town of stores and saloons sprouted along the tracks in tents and shacks. But just like the original settlement, which came to be known as Old Town, the additional districts produced their fair share of macabre tales and ghostly lore. At the KiMo Theater, the crew still leaves out donuts for the tragic young victim of a 1951 water heater explosion. A mysterious woman in a black dress visits the bar at the Old Albuquerque Press Club with an apparent hankering for gin. From inexplicable occurrences at the Old Bernalillo County Courthouse to infamous residents of the Fairview Cemetery, Cody Polston gathers enough of Albuquerque's haunted heritage to entertain the most dismissive skeptic. **The Spanish American Novel** John S. Brushwood, 2014-07-03

In *The Spanish American Novel*, John S. Brushwood analyzes the twentieth-century Spanish American novel as an artistic expression of social reality. In relating the generic history of the novel to extraliterary events in Spanish America, he shows how twentieth-century fiction sets forth the essence of such phenomena as the first Perón regime, the Mexican Revolution, the Che Guevara legend, indigenismo, and the strongman political type. In essence, he views the novel as art rather than as document, but not as art alienated from society. The discussion is organized chronologically, opening with the turn of the century and focusing on novels from 1900 to 1915 that exemplify various aspects of the nineteenth-century literary inheritance. Brushwood then highlights the avant-garde fiction influenced by Proust and Joyce of the 1920s as a precursory movement to the new Latin American novel, a phenomenon that came into its own during the 1940s. He then examines the boom in Spanish American fiction, the period of extensive international recognition of certain works, which he dates from 1962 or 1963. In each era, the development of the novel is placed in dual perspective: One view, that of particularly significant novels in light of others published during the same year, is a cross-section of the genre at one particular moment. The second view, that of a panorama of novels published in intervals between significant moments in the history of the novel, is more general and selective in the number of books discussed. Combining the historical with the analytical approach, the author proposes that

the experience of a novel in which reality has been transformed into art is essential to our understanding of that reality
