Response to Guiding Question:

The expectations that pip has for himself are that he does not do wrong. He is worried and afraid of stealing from Joe, who is someone he looks up to. He is worried about hurting Joe. This shows that pip is a very good person deep down inside, and that helps the reader to like pip. He feels bad for him, and to identify with him. The expectations other people have for him are different and varied. The convict's expectations for pip are that pip is for pip to bring "wittles" (food) and a file. Pip's sister's expectations for him are that he does what he is told, is grateful and doesn't ask questions. Joe is more of a friend and brother than Joe is a father to him.

Expectations Jonathan Skinner, Dimitrios Theodosopoulos, 2011-10-01 The negotiation of expectations in tourism is a complex and dynamic process one that is central to the imagination of cultural difference Expectations not only affect the lives and experiences of tourists but also their hosts and play an important part in the success or failure of the overall tourism experience It is for this reason the authors argue that special attention should be given to how expectations

constitute and sustain tourism The case studies presented here explore what fuels the desires to visit particular places to what degree expectations inform the experience of the place and the frequent disjunctions between tourist expectations and experiences Careful attention is paid to how the imagination of the visitor inspires the imagination of the host and vice versa how tourists and host communities actively imagine re imagine and shape each other s lives This realization has profound consequences not solely for academic analysis but for all those who participate in and work within the tourism industry

them as working dogs and allowed their owners to avoid paying pet tax Tasked with guarding and moving sheep and cattle across windswept moors and dales they are doubly blessed with brain and brawn Their loyalty and companionship are beyond reproach but it is the breed's sense of fun that is as strongly imprinted in their DNA as their instinct to herd The Old English Sheepdog is often called the clown prince of dogs which is a great indication of the indelible imprint he leaves on owners and breeders alike A large breed adult Old English Sheepdogs reach around 21-22 at the shoulder and weigh as much as 80 pounds Hugely affectionate and attention seeking they will never be far from their owner's side So if personal space is high on your list of priorities this may not be the ideal breed for you As long as an OES is part of the family it doesn't matter if you live in a penthouse or a farmhouse What does matter though is exercise and lots of it Be aware this love of human company also means that your new best friend will not make a good yard dog Everything about this breed is larger than life from their abundant shaggy coat to their outgoing quirky character They also live to around 12 years of age so making this affable breed of dog a member of the family is a long term commitment For all these reasons knowledge of this large breed is essential before committing to welcoming one into your family Are you intending to go down the puppy route or maybe offering a loving home to a rescue dog Then the chapters of this guide will provide you with all the information you need to get the best from your big bouncy bob tail
