Wealth Creation Approach to Reducing Global Poverty Scott Hipsher, 2020-05-19 This book takes a unique approach to the topic of poverty reduction primarily employing an international business framework as opposed to the usual economic or political lens Some of the key ideas explored in the book include poverty is primarily the lack of choices not the lack of material possessions attacking inequality of opportunity might be a more effective means to reduce poverty than attaching inequality of wealth political systems matter but individuals and for profit firms also have a vital and indispensable role in helping to create the wealth needed to reduce poverty and an effective corporate social responsibility strategy to help reduce poverty may include finding innovative and creative ways to operate profitably in areas of the world where poverty is currently

robbing too many people of the opportunity to live their version of the good life Building on such ideas the book advocates for private companies to expand operations into the least developed regions of the world as part of their corporate social responsibility programs and to reframe the debates away from ones focused on exploitation and economic nationalism to one of creating opportunities across political borders

Gender Inequality: Socioeconomic Analysis And Developing Country Case Studies Clement A Tisdell, 2019-05-03 This unique book provides an easily comprehended overview of facts about gender inequality and contains a valuable introduction to economic theories of this inequality the applicability of which is assessed in the light of empirical evidence A special feature of this book is its adoption of a multidisciplinary approach to the study of gender inequality Both economic and sociological influences on gender inequality are taken into account in an innovative fashion The scholarly coverage of this book is broad and focuses mainly on female disadvantage both that suffered by female children and by women Subjects covered include economic theories of gender inequality and critiques of these sex selection preferences for boys and the value of females measures of gender inequality and their application the occurrence of poverty and its relationship with the deprivation of women and children implications for the status of females of their access to different forms of capital taking into account modern concepts of capital the need to take into account little explored relationships between gender inequality and the achievement of sustainable development ecofeminism and the abuse of women by men The discussion is reinforced by case studies and examples drawn primarily from South Asian and Northeast Asian countries Some attention is given in the case studies to the diverse practices of tribal people and minorities This is done in order to better assess existing theories about gender inequality The value of adopting a multidisciplinary approach to the study of gender inequality is well demonstrated Consequently this book provides a more holistic and balanced view of gender inequality than other available books

advantage **Poverty Reduction, the Private Sector, and Tourism in Mainland Southeast Asia** Scott Hipsher, 2017-10-05 This book explores the issue of poverty reduction within mainland Southeast Asia with a specific focus on the impact of the private sector and tourism Covering Cambodia Laos Myanmar Thailand Vietnam and Yunnan the book discusses how success in poverty reduction has come about largely through innovation in the private sector foreign investment and the move toward more market based economic policies as opposed to foreign aid or interventions by international development programs to reduce poverty in the region *Handbook of Research on Holistic Optimization Techniques in the Hospitality, Tourism, and Travel Industry* Vasant, Pandian, M., Kalaivanthan, 2016-10-31 The application of holistic optimization methods in the tourism travel and hospitality industry has improved customer service and business strategies within the field By utilizing new technologies and optimization techniques it is becoming easier to troubleshoot problematic areas within the travel industry The Handbook of Research on Holistic Optimization Techniques in the Hospitality Tourism and Travel Industry features innovative technologies being utilized in the management of hotels and tourist attractions Highlighting empirical research on the optimization of the travel and hospitality industry through the use of algorithms and information technology this book is a critical reference source for managers decision makers executives tourists agents researchers economists and hotel staff members *The Politics of Religious Tourism* Dino Bozonelos, Polyxeni Moira, 2023-07-28 Addressing a dearth of literature in this area this book provides a comprehensive overview and framework of study of the politics of religious tourism Existing work shows awareness that politics is present but the approach has been one of benign neglect and or a priori assumptions about the role of politics in the management of sacred sites Previous literature is fragmented into various perspectives and approaches that best serve different disciplinary interests By understanding the politics of religious tourism through the various perspectives and approaches from the discipline of political science law public policy and other fields This book will be of great interest to researchers and students of religious tourism pilgrimage as well as related subjects such as political science economics sociology tourism law studies and religious studies *Tourism in Pacific Islands* Stephen Pratt, David Harrison, 2015-02-20 Pacific Island Countries have been shown to be especially vulnerable to such external influences as natural disasters political unrest and downturns in the global economy and their tourism industries have been notably affected In particular they typically have a narrow resource base and a fragile and often vulnerable natural environment While there is some research on islands and small states there is a dearth of information on the South Pacific and very little research is being undertaken in the region compared to other geographical regions in the world This volume brings together current work in Pacific Island tourism In this collection three main themes arise Images of the South Pacific Socio economic Impacts of Tourism and Pacific Island Countries and the Outside World The first focus is on the question of image namely stereotypes of a destination held by tourists and potential tourists the extent to which residents for their part really welcome visitors and the role tourism might play in changing pre

established images The second theme is tourism's impacts notably the economic and socio cultural effects of international tourism's intrusion in the region which though often hotly debated have attracted relatively little empirical research The third focus is on the challenges of how PICs articulate with their external geo political and physical environment These involve existing relations with formal colonial centres geographical isolation the need for greater air access to the outside world and for more tourists and the continuing threat to several PICs of global warming which increased air travel will inevitably exacerbate This text will be of interest to tourism students researchers and academics in the fields of tourism development studies and cultural studies Entertainment Industry Economics Harold L. Vogel, 2020-07-23 Fully updated this edition offers a unique integrated approach to the economics and financing of entertainment and media sectors

Research Anthology on Empowering Marginalized Communities and Mitigating Racism and Discrimination Management Association, Information Resources, 2021-02-05 With the newly inaugurated US Presidential Administration signing several orders to mitigate discrimination and racism within the United States government attentions globally are once again brought to the Black Lives Matter campaign and its message Discrimination in business contexts social interactions and educational institutions remains a concern for leaders today The empowerment of marginalized communities has been rapidly spreading through societies thanks to the platforms that social media now offer The *Research Anthology on Empowering Marginalized Communities and Mitigating Racism and Discrimination* is a three volume hand selected compilation of the highest quality research on the empowerment of marginalized communities that have been experiencing ongoing discrimination To shed light on the underpinnings of disparities between marginalized groups and overreaching society this text explores social justice applications and practices and the changes being made or pushed for around the globe that promote equality fair treatment and inclusivity This book is ideal for sociologists teachers activists practitioners managers administrators policymakers government officials researchers academicians and students working in fields such as gender studies race studies social justice behavioral studies history sociology anthropology psychology law as well as anyone interested in the current practices and advances in mitigating racism and discrimination in society A Research Agenda for Tourism and Development Richard Sharpley, David Harrison, 2019 Tourism is integral to local regional and national development policies as a major global economic sector it has the potential to underpin economic growth and wider development Yet transformations in both the nature of tourism and the dynamic environment within which it occurs give rise to new questions with regards to its developmental role This *Research Agenda* offers a state of the art review of the research into the tourism development nexus Exploring issues including governance policy philanthropy poverty reduction and tourism consumption it identifies significant gaps in the literature and proposes new and sometimes provocative avenues for future research **A Modern Guide to Tourism Economics** Croes, Robertico, Yang, Yang, 2022-09-06 This *Modern Guide* captures the evolution of foundational tenets theories frameworks and models that buttressed tourism economics into an evolving discipline shining

light on both new and old approaches It systematically examines current and future trends and issues related to new economic perspectives consolidating the notion of tourism economics as a discipline **Agritourism, Wine Tourism, and**

Craft Beer Tourism Maria Giulia Pezzi, Alessandra Faggian, Neil Reid, 2020-07-23 This book delves into the development opportunities for peripheral areas explored through the emerging practices of agritourism wine tourism and craft beer tourism It celebrates the entrepreneurial spirit of people living in peri urban regions Peripheral areas tend to be far from urban hubs providing essential services but also typically suffering from marginalisation and remoteness despite the access to environmental cultural and social resources In this sense this book investigates the linkages between local agency and tourism in peripheral areas the role of existing policies and the evolving bottom up practices in fostering local development The basic aim is to disestablish the dichotomies that often emerge when dealing with issues of rural urban and or centre periphery relationships innovation vs tradition authenticity vs mise en scene agency vs inertia and social cultural economic mobility vs immobility etc With focused attention on the possible compliance or conflicting strategies of local actors with the existing policies the book considers how local actors and communities respond to the implications of peripherality in areas often impacted by marginalising processes Drawing upon case studies from North America and Europe this book presents this connection as a global phenomenon which will be of interest to community and economic development planners and entrepreneurs Air transport - tourism nexus: A destination management perspective Maya Georgieva Ivanova, 2017-06-18

The aim of current research monograph is to provide a deeper view of the complex relationship between the air transport and tourism industries The adopted point of view a destination perspective enables one to go into a more detailed exploration of the topic and to consider issues that usually remain invisible at the strategic managers level The elaborated destination analysis framework and the identification of common points between aviation and tourism set the groundwork for further examination of the air transport tourism nexus Therefore the book would be useful both for students and researchers in the field of tourism hospitality and destination management and for practitioners and destination management representatives who may find interesting insights and ideas for improvement The monograph would be suitable also for managers and representatives from the air transport industry by providing them with the other point of view that of the local tourist destination to consider in their strategic growth and negotiation process
