Prometheus Carry van Bruggen,1919 **The Oxford Handbook of Dutch Politics** ,2024-09-25 The Oxford Handbook of Dutch Politics provides a comprehensive longitudinal overview of the state of the art of academic research on the Dutch political system its origins and historical development its key institutions main fault lines pivotal processes and key public policy dynamics In each of the chapters researchers take stock of what if anything has changed over time how scholars have conceptualized and studied these dynamics and what key factors can account for the developmental patterns found to be at play Notwithstanding its considerable degree of constitutional and institutional stability Dutch politics has seen considerable step changes and occasional upheavals across the last half century Influenced by long term demographic socio economic and cultural shifts the old social cleavages have waned New social identities and dividing lines such as ethnicity education place and gender have influenced Dutch citizens political attitudes and behaviours including their voting patterns The media landscape and the information environment have been altered by new technologies that politicians and citizens alike have to navigate This has produced changes in such pivotal components as the party system coalition formation and management process and executive legislative relations and many others Moreover public policy paradigms and the political coalitions that sustained them have ascended and lost traction in most of the eleven policy domains discussed in the Handbook In all this volume provides unique and indispensable insights into stability and change in a political system that once gained notoriety as an archetype of a consensual or consociational democracy Women and Miracle Stories Anna Korte,2018-11-13 This book contains a multidisciplinary collection of studies on women in miracle stories found in texts ranging from religious classics to contemporary literary fiction Miracle stories are a genre of great importance for the study of women's religious inheritance and for the historical and cultural understanding of women as makers of faith Miracle stories are very generally speaking more open to popular religion and culture than for instance doctrinal and official ecclesiastical texts and as such they can be of special interest to the study of women's lives and religious aspirations Remarkably up till now this genre has

not been looked at from this point of view This book aims to open this field for further research by presenting case studies from diverse angles and disciplines Some of the questions this book tries to answer are What do miracle stories specifically tell us about women Are there some types of miracles that are in particular related to certain groups of women What do these stories tell us about women as performers and or subjects of miracles What can be said about the social function and religious meaning of miracles by specifically looking at the way certain groups of women are practising and experiencing miracles By including research on miracle stories in contemporary fiction written by women this book also wants to acknowledge and research the disputed status of miracles as well of women in our present society which is moving from modernity to post modernity Please note that Women and Miracle Stories is previously published by Brill in hardback ISBN 90 04 16681 8 still available **Hendrik M.
