in the midst of a routine arthroscopic reconstruction. In discussing these issues we hope to raise the surgeon's awareness of potential complications and to provide wisdom and advice to properly avoid and treat these problems should they arise. How one deals with complications truly tests the mettle of the surgeon. Keeping one's cool in the midst of an intraoperative complication will be facilitated by having an algorithmic approach. We hope that this book will improve your outcome should these problems occur. Some complications are unavoidable. Arthrobro-sis or stiffness may take place in the best of hands. Infection may surface postoperatively in the most sterile OR. We provide you with the background to confront these challenges. A list of ten Pearls are offered at the beginning of most chapters as a quick reference card.
