presentations have needed to be tied increasingly to multimedia. It is here where Prezi offers a dynamic means of creating a multimedia based presentation that can actively engage students particularly in the smart board context where touch navigation is a key component and one that allows for carrying out a variety of activities from within the same presentation. Prezi use also promotes active learning with strengths of the presentation platform providing a unique way to establish interest in key topics, direct attention to various subjects, motivate and engage learners as well as draw on the creative talent of students as they start to design and develop their own Prezis. The pedagogical possibilities arising from the use of the Prezi presentation paradigm in the TESOL context are offered along with an overview of instructional strategies, tasks and activities suitable for multimedia presentation development with second language learners of English. Tutorials on how to get started with Prezi are included along with photocopiable handouts and templates, evaluation techniques and a comprehensive list of a wide variety of resources.
