Biblical, Traditional, and Theological Framework for Understanding Christian Prophetism in Ghana Today Daniel Nii Aboagye Aryeh, 2019-01-03 The basis for this project is to verify and determine the extent to which contemporary prophetic ministry in Ghana appropriates prophetism in the early church Corpus Paulinum and traditional prophetism in Ghana The spirit of prophecy which was believed to have ceased in Judaism and during the intertestamental period has now been restored at the inauguration of Christianity Notwithstanding Paul gave stipulations for prophets and prophecy in the church in 1 Corinthians 14 This confirms that prophecy was a common phenomenon in the early church and Pauline communities Contemporary prophetic ministry in Ghana claimed to have conformed to Pauline stipulations concerning prophets and prophecy in the church but what is their level of conformity Contemporary prophetic ministry is becoming popular due to its appeal and compatibility with religious worldviews and its pragmatic outlook that resonates with the Ghanaian phenomenon of religion As an adherent of the Akan traditional religion would go to a religious intermediary for ebisa literally to inquire or ask into present or future happenings contemporary prophets have positioned themselves to be

agents of ebisa in Ghanaian Christianity This book explores biblical and traditional understandings of prophetism that have influenced contemporary Christian understanding of prophets and prophecy in the church *Greek Pedagogy in Crisis* David R. Miller, 2019-06-26 The goal of every pastor missionary and lay leader in the evangelical church is to proclaim the word of God accurately And one of the key components of accurate biblical interpretation is the understanding of the Bible s original languages While some Bible teachers forego learning Hebrew and Greek altogether many men and women seek their language training by buying books to study on their own others look for free online courses and videos to provide this instruction while still others commit to formal theological training through higher education Each of those language learning formats print digital and guided are effective educational tools but the problem is that each of those formats are primarily based on the same antiquated teaching method This book analyzes and assesses the current biblical language pedagogy from the vantage point of over thirty prominent professionals in the field of New Testament Greek Their insight provides some of the first formal data on the usefulness and effectiveness of the Grammar Translation Method for teaching biblical languages today Additionally this book will introduce a unique and cutting edge approach to the process of teaching and learning the original languages of the word of God **The Greek Article** Ronald D.
