Common Core Standards - Academic

Language in the Classroom Eli R. Johnson, 2012 Expository Discourse in Children, Adolescents, and Adults Marilyn A. Nippold, Cheryl M. Scott, 2013-03-07 School success in the 21st century requires proficiency with expository discourse the use and understanding of informative language in spoken and written modalities This occurs for example when high school students read their textbooks and listen to their teachers lectures and later are asked to demonstrate their knowledge of this complex topic through oral reports and essay examinations Although many students are proficient with the expository genre others struggle to meet these expectations This book is designed to provide information on the use and understanding of expository discourse in school age children adolescents and young adults Recently researchers from around the world have been investigating the development of this genre in typical students and in those with language disorders Although many books have addressed the development of conversational and narrative discourse by comparison books devoted to the topic of expository discourse are sparse This crossdisciplinary volume fills that gap in the literature and makes a unique contribution to the study of language development and disorders It will be of interest to a range of professionals including speech language pathologists teachers linguists and psychologists who are concerned with language development and disorders

Fundamentals of Human Performance and Training Victor C.X. Wang, Kathleen P. King, 2008-11-01

Fundamentals of Human Performance and Training was developed to help researchers and practitioners select measures to be used in the evaluation of human performance and helps them seek better more efficient and effective ways to close performance gaps in this global economy The book is bursting with innovative ideas that will help readers create powerful solutions in their organization their country their region and their continent Fundamentals of Human Performance and Training should be of value to anyone interested in matching the right solutions to the right problems addressing causes by providing a range of solutions to improve human performance in any organizations in the global economy The volume

provides foundational chapters for the field and human performance to guide development or improvement of HR management strategies training and management which will prove to be dynamic efficient responsive to changes encompassing organizations and grounded in vision and excellence Critical issues facing organizations today include how to build intellectual capital establish and maintain a highperformance workplace enhance profitability and encourage productivity These needs require practitioners to go beyond a competencybased approach to training From the theory of andragogy to the practical examples and recommendations provided by our highly respected authors human capital developers and managers will be equipped with knowledge and skills to identify solve and anticipate human performance problems in their respective organizations Nonmanagers will also benefit from the book through identifying and solving day to day human performance problems because these problems are applicable to their work Finally for researchers administrators and students who are looking forward to improving their research skills our authors provide exemplary scholarly work in terms of how to conduct meaningful research in the area of human performance and training Also such a volume rich in identifying and seizing human performance improvement opportunities will help prepare our students to enter and excel in the real world of work

Multisensory Teaching of Basic Language Skills Judith R. Birsh,1999 This guide reveals the benefits of using multisensory instruction in any classroom After they review 50 years of research and experience with those with learning disabilities the authors explain how and why multisensory methods work
