STEERING SULKY WITH CONVERTIBLE GRAVELLY, DUAL WHEELS AND MOWER

GENERAL

1. The Steering Sulky has been designed and built to the traditionally high standards for which Gravelly is famous. The sulky is a single passenger, draw-behind riding device attaching the operator to ride and steer The Gravelly. The primary use is for mowing, used from mowing operations to reduce fatigue and add to the comfort and effectiveness of the operator. When working slopes or otherwise rough, the Steering Sulky must be disconnected from The Gravelly so the operator can walk behind and guide the equipment. The unit is recommended for homeowner and commercial use; has rugged steel tube frame, pneumatic tires and steel suspension.
2. The Owners Manual includes parts list, set up, safety, operator and maintenance instructions. Item numbers used in this manual are in reference to Fig. 1, Illustrated Parts List. All

references to right-side, left-side are made from the operator's position on the seat of the sulky facing the steering wheel. Contact The Gravelly Dealer for further information.

3. To continue its program of quality and design improvement, the manufacturer reserves the right to change specifications, design or price without notice and without incurring obligation.
