Green Guide Author TBD,2008 A definitive how to guide to the complex environmental issues of the twenty first century offers practical solutions to the difficult choices of everyday living to promote an eco friendly lifestyle **Green Guide** ,2011 Illustrated Green Guide ,2008 Green Guide Editors of Green Guide,2008-06-10 Paper or plastic Organic or conventional In a world that is rapidly going green how does the average person make decisions that are smart for the family and good for the planet The Green Guide is here to help with the concepts and choices for Earth conscious living Presented in concise information packed chapters this up to the minute resource touches on every aspect of our lives from grocery shopping to housecleaning to work travel and investing enabling consumers to make informed decisions and simple changes that impact the planet in big ways Easy to follow information and hundreds of fascinating sidebars fact boxes and other key elements recommend how you can replace unhealthy and environmentally damaging practices and products with more wholesome comfortable and aesthetically pleasing alternatives Neither scholarly nor scare mongering in tone the lively text has been written in partnership with a board of noted experts offering readers the most authoritative engaging comprehensive and in depth reference of its kind Created by two of the strongest brands in conservation and the environment and drawn from more than ten years of reputable coverage in The Green Guide newsletter on line and in print this comprehensive resource is destined to become a must have for millions of families and the first name in household reference books in this up and coming category **Green Consumerism** Juliana Mansvelt,2011-06-28 Colorful bracelets funky brooches and beautiful handmade beads young crafters learn to make all these and much more with this fantastic step by step guide In 12 exciting projects with simple steps and detailed instructions budding fashionistas create their own stylish accessories to give as gifts or add a touch of personal flair to any ensemble Following the successful Art Smart series Craft Smart presents a fresh fun approach to four creative skills knitting jewelry making papercrafting and crafting with recycled objects Each book contains 12 original projects to make using a range of readily available materials There are projects for boys and girls carefully chosen to appeal to readers of all abilities A special techniques and materials section encourages young crafters to try out their own ideas while learning valuable practical skills Encyclopedia of Consumption and Waste Carl A. Zimring,William L. Rathje,2012-02-29 These volumes convey what daily life is like in the Middle East Asia and Africa Entries will aid readers in understanding the importance of cultural sociology to appreciate the effects of cultural forces around the world *The New Rules of Green Marketing* Jacquelyn Ottman,2017-10-19 For too long marketers of sustainable goods and services have targeted deep green consumers to promote their products and they have little to show for their efforts In this innovative book Jacquelyn Ottman shows how the green market has moved beyond such niche marketing and how marketers will find greater success promoting the inherent superior value of their offerings Greener products are now available within every industry and are a part of our everyday lives But they didn't get to be so ubiquitous just because they

are better for the planet Whether they were promoted as such or not sales of green products have grown so fast because of the added value they provide health superior performance good taste cost effectiveness or simply convenience This central emphasis on primary benefits the new rules is critical to winning over the mainstream consumer and to driving overall organizational growth The New Rules of Green Marketing helps readers understand why value based sustainability marketing has become a critical organizational capacity and how readers can adopt this approach in their own organizations Illustrated by examples from both international mainstream and the more niche deep green leaders who are showing everyone else the way the book provides practical strategies tools and inspiration for building every aspect of a credible value based green marketing strategy including How to use a proactive approach to sustainability to spur innovation How to frame environment related benefits with relevance to mainstream brands How to communicate with credibility and impact and avoid greenwashing How to team up with stakeholders to maximize outreach to consumers How to use a life cycle orientation to ensure the integrity of one s offerings How to best take advantage of recent technological advances in social media Drawing on the latest data from leading researchers and reflecting on learnings from Ottman s corporate clients and other pioneers including GE Nike HSBC Method Starbucks Timberland HP NatureWorks Philips Procter Gamble Stonyfield Farm and Wal Mart this book shows how market leaders are edging out the competition using effective value first marketing strategies This book captures the best of the author s previous groundbreaking books on green marketing and takes the content into the 21st century Whereas earlier works focused on readers who were less familiar with green initiatives this work squarely focuses on a new generation of marketers who likely themselves grew up with an appreciation of sustainability and who want and need to know how to connect effectively with mainstream consumers **Green Atlas** Dustin

Mulvaney, 2013-07-03 This reference resource in atlas format is an online only compendium of maps and data sets accompanied by multimedia elements designed to illustrate key concepts in green issues and environmentalism graphically and interactively Topics for the maps presented in this work were selected from articles in the 12 volume SAGE Reference Series on Green Society Toward a Sustainable Future Each map includes links to one or more of the series articles Maps include interactive components with clickable icons to deliver the data and statistics that make up each map Further multimedia elements photos video and audio clips and transcripts accompany map themes and presentations [47 Things You Can Do for the Environment](#) Jill Buck, Lexi Petronis, 2019-08-01 Sure we all know the planet is in trouble We hear talk all the time about climate change air pollution from cars oil spills into oceans trash overflowing into waterways and toxic chemicals leaking into our groundwater Sigh But the good news is there s a lot we can do to start cleaning up the Earth And it starts with you [Homemade Cleaners](#) Mandy O'Brien, Dionna Ford, 2014-01-07 A comprehensive guide to natural cleaners that completely disinfect polish and freshen without the dangerous toxins Toxic chemicals are found in almost all commercial cleaners the very products people buy to make their homes hygienic and healthy The recipes in Homemade
