getting lost in the system becoming bored losing his or her natural eagerness to learn If so it may be time to take charge of
your child s education by doing it yourself The Well Trained Mind will instruct you step by step on how to give your child an
academically rigorous comprehensive education from preschool through high school one that will train him or her to read to
think to understand to be well rounded and curious about learning Veteran home educators Susan Wise Bauer and Jessie
Wise outline the classical pattern of education called the trivium which organizes learning around the maturing capacity of
the child s mind and comprises three stages the elementary school grammar stage when the building blocks of information
are absorbed through memorization and rules the middle school logic stage in which the student begins to think more
analytically and the high school rhetoric stage where the student learns to write and speak with force and originality Using
this theory as your model you ll be able to instruct your child whether full time or as a supplement to classroom education in
all levels of reading writing history geography mathematics science foreign languages rhetoric logic art and music regardless
of your own aptitude in those subjects Thousands of parents and teachers have already used the detailed book lists and
methods described in The Well Trained Mind to create a truly superior education for the children in their care This
extensively revised fourth edition contains completely updated curricula and book lists links to an entirely new set of online

resources new material on teaching children with learning challenges cutting edge math and sciences recommendations answers to common questions about home education and advice on practical matters such as standardized testing working with your local school board designing a high school program preparing transcripts and applying to colleges You do have control over what and how your child learns The Well Trained Mind will give you the tools you ll need to teach your child with confidence and success Harcourt Math 3 HSP,2002-04 Harcourt Science: Earth science, [grade] 5, Units C and D, teacher's ed ,2000 **Harcourt Math, Grade 1** HSP,2002 Mathematics program for grades K 6 provides focused instruction on key skills comprehensive assessment targeted intervention and practice for mastery and retention
