Hermeneutic Phenomenology In Education Method And Practice:

Hermeneutic Phenomenology in Education Norm Friesen, Carina Henriksson, Tone Saevi, 2012-09-05 Hermeneutic phenomenology is a combination of theory reflection and practice that interweaves vivid descriptions of lived experience phenomenology together with reflective interpretations of their meanings hermeneutics This method is popular among researchers in education nursing and other caring and nurturing practices and professions Practical and adaptable it can be at the same time poetic and evocative As this collection shows hermeneutic phenomenology gives voice to everyday aspects of educational practice particularly emotional embodied and empathic moments that may be all too easily overlooked in other research approaches By explicating illustrating and demonstrating hermeneutic phenomenology as a method for research in education specifically this book offers an excellent resource for beginning as well as more advanced researchers

Phenomenology and Educational Theory in Conversation Patrick Howard, Tone Saevi, Andrew Foran, Gert Biesta, 2020-06-10 Phenomenology and Educational Theory in Conversation challenges the abstract technical understanding of education to orient the reader to the importance of relationality intersubjectivity and otherness to renew and reclaim the educational project This book treats education as a matter of existence relationality and common human concerns It offers readers an alternative language to reveal and challenge the humanistic encounters that often disappear in the shadows of neoliberalism The phenomenologists and educational theorists featured here offer insights that connect fully and concretely with the everyday lives of educators and students They offer another language by which to understand education that is counter to the objectifying instrumentalist language prevalent in neoliberal discourse This book will be of great interest for academics researchers and post graduate students in the fields of pedagogy phenomenology educational theory and progressive education

Phenomenological Inquiry in Education Edwin Creely, Jane Southcott, Kelly Carabott, Damien Lyons, 2020-12-28 Phenomenological Inquiry in Education is an edited collection of 16 chapters that offers a fascinating and diverse range of approaches and views about phenomenological inquiry as applied in educational research Written by a group of international scholars concerned about understanding lived experience the editors assemble theoretical ideas methodological approaches and empirical research to create a distinctive transdisciplinary outlook Embodying many unique and useful insights the book provokes thought about the possibilities for phenomenology in contemporary educational research The international contributors highlight what an exploration of lived experience can offer qualitative research and extend on methodologies commonly used in educational research By grounding phenomenological inquiry in the complexities of doing research across discipline areas in education the writers of the book forge links between theory and empirical research and give their unique perspectives about how phenomenological ideas are being and might be employed in educational research The book is thus carefully crafted to address both phenomenology as a philosophical tradition and its possibilities for educational research This scholarly work will appeal to educational researchers as well as those in broader

social research It taps into the growing international interest in phenomenological research in education which brings attention to lived experience and the highly important affective dimension of learning

Heidegger and the Lived Experience of Being a University Educator Joshua Spier, 2018-02-09 This book explores the lived meanings of being a university educator from an existential perspective The book enriches our understanding of educators experiences in light of Martin Heidegger s early philosophy and vice versa opening our understanding of Heidegger s philosophy through educators experiences Also drawing on the philosophical insights of Hans Georg Gadamer the book situates the purposes and experiences of the educator in historical and contemporary contexts In doing so the author reveals that being a university educator is essentially characterised by conversation and time Inspired by the author s own experiences of teaching community development and sociology within a youth work specific bachelor degree the book invites educators to apply existential philosophy as a tool to reflect upon their own experiences and to reconnect with the question of what it means to be an educator in their shared world of practice This thoughtful volume is sure to resonate with the experiences of readers who educate within a university context

Taylor, 2017-01-28 This edited volume sets the groundwork for a dialogue between transformative learning and continental theories of Bildung in adulthood Both theoretical frameworks bring meaning to the complex learning process of individuals as they develop a more critical worldview In this volume a variety of authors from different countries and theoretical backgrounds offer new understandings about Bildung and transformative learning through discussion of theoretical analyses educational practices and empirical research As a result readers gain greater insight into these theories and related implications for teaching for change From the various chapters an exciting relationship between both theories begins to emerge and provides impetus for greater discussion and further research about two important theories of change in the field of adult education

Pentecostal Liturgical Theology Monte Lee Rice, 2025-02-20 This book explores how Pentecostal meaning full worship frees people into a cosmic liturgy that wills humanity to Pentecost A liturgical turn has marked recent Pentecostal studies producing a growing body of liturgical theologies This cutting edge work analyses four theologians at its forefront Tanya Riches Daniela Augustine Chris E W Green and Wolfgang Vondey It does so through a liturgy as primary theology approach which defines liturgy as the church at prayer Here Rice shows how Pentecostal experience clarifies liturgy as the church at prayer on the altar Drawing from critical discourse analysis continental philosophy and Aristotelian wisdom this incisive book proceeds by narrating a healing soteriology that makes humanity willed to the common good signified by Pentecost Working from Walter Hollenweger's insights on the ecumenical promise of Pentecostal liturgy Rice identifies inclusivity liberative spirituality Majority World epistemology gift sharing community and scholarly re oralization as apt benchmarks for Pentecostal liturgical theology This inclusive multi faceted form reveals how Occidental voices dominate the Pentecostal discourse yet conversely offers augmenting pathways toward a more globally representative theology summoning the Pentecostal academy to the altar The foremost pathway this book presents is its theology of Pentecostal meaning full worship Through the lens of liturgy as a cosmic gift economy Rice shows how Pentecostal meaning full worship frees people into a cosmic liturgy that wills humanity to Pentecost Through engaging Ricoeurian Aristotelian narrative theory this eye opening work thus climaxes with a briefly constructed Pentecostal theology of the altar It shows how Pentecostal meaning full worship fosters moral formation as worshippers place themselves on the altar of sacrifice becoming priestly partners with God fuelling the gift economy that flourishes his household till all creation be willed to Pentecost

Postphenomenological Methodologies Jesper Aagaard, Jan Kyrre Berg Friis, Cathrine Hasse, Jessica Sorenson, Oliver Tafdrup, 2018-08-15 This edited volume is the first publication to tackle the issue of researching human technology relations from a methodological postphenomenological perspective While the traditional

phenomenology of the 20th century with figures like Husserl Heidegger and Merleau Ponty provided valuable insights into the formal structures of essence being and embodiment etc their mode of philosophizing mostly involved abstract pure thinking Although rooted in this tradition the postphenomenological approach to the study of human technology relations emphasizes the empirical turn and interdisciplinary work in the field of philosophy and reaches out to other disciplines like anthropology education media studies and science and technology studies STS The contributors discuss what it means for the field of postphenomenology to be empirically based and what kind of methodology is required in order for researchers to go out and study human technology relations in this perspective In many disciplines methodology refers to the analytical approach taken e g the analytical concepts you employ to make an analysis in postphenomenology these might include concepts such as multistability variation or mediation In a discipline like anthropology it also refers to reflections over the methods researchers use to approach an empirical field Methods can include interviews of different kinds participant observations surveys and auto ethnography Furthermore methodology can include ethical issues tied to doing research in an empirical field These practical aspects are not separate from but rather connected to theoretical approaches This book ties together the methods ethics and theories of postphenomenology in a groundbreaking volume on methodology With postphenomenological studies of education digital media biohacking health robotics and skateboarding as points of reference the authors of this volume in twelve chapters provide new perspectives on what a comprehensive postphenomenological research methodology must consist of
