Het Kleine Bouwenvier Eeuwen Maquettes In Nederland:

Passion and Control: Dutch Architectural Culture of the Eighteenth Century Freek Schmidt, 2017-07-28 *Passion and Control* explores Dutch architectural culture of the eighteenth century revealing the central importance of architecture to society in this period and redefining long established paradigms of early modern architectural history Architecture was a passion for many of the men and women in this book wealthy patrons burgomasters princes and scientists were all in turn infected with architectural mania It was a passion shared with artists architects and builders and a vast cast of Dutch society who contributed to a complex web of architectural discourse and who influenced building practice The author presents a rich tapestry of sources to reconstruct the cultural context and meaning of these buildings as they were perceived by contemporaries including representations in texts drawings and prints and builds on recent research by cultural historians on consumerism material culture and luxury print culture and the public sphere and the history of ideas and mentalities

The Rise and Decline of Dutch Technological Leadership (2 Vols) Karel Davids, 2008-08-31 Technological leadership is an important topic in economic history and the history of technology This book addresses the issue of technological leadership by means of an in depth study on the Dutch Republic once described as the first modern economy Drawing on extensive research in archives in Europe and a vast amount of printed sources and secondary literature it provides a wide ranging overview of Dutch technological leadership in the early modern Europe it explains whence this leadership came about and why it ended and it explores to what extent the Dutch case illuminates the evolution of technological leadership in general This book is thus relevant for the study of technological leadership the development of technology in the early modern period as well as the history of the economic expansion of the Dutch Republic Neue Sachlichkeit and Avant-Garde Ralf Grüttemeier, Klaus Beekman, Ben Rebel, 2013 One of the aims of the book is to shed more light on the notion *Neue Sachlichkeit* in its appearance in a variety of fields as painting architecture music photography and literature in order to get a clearer idea of its scope Several contributions will do so by analysing the heterogeneity in the use of the term concerning its function in the fight for recognition in the art fields around 1930 in other words *Neue Sachlichkeit* will be analysed as a positioning strategy Especially its participation in the broader discourse on modernity as well as its international and intermedial dimension will be highlighted often using the historical avant garde as point of reference From this perspective the present volume wants to be read as a plea for a differentiated description of the many shared aspects and some differences between the avant garde and *Neue Sachlichkeit* *Building Knowledge, Constructing Histories* Ine Wouters, Stephanie Voorde, Inge Bertels, Bernard Espion, Krista Jonge, Denis Zastavni, 2018-09-05 *Building Knowledge Constructing Histories* brings together the papers presented at the Sixth International Congress on Construction History 6ICCH Brussels Belgium 9-13 July 2018 The contributions present the latest research in the field of construction history covering themes such as Building actors Building materials The process of building Structural theory and analysis Building
