

Desert Island Survival

The American illusionist David Blaine spent 44 days without food in 2003 in a glass box hung from a crane by the River Thames in London. Throughout history, there have been many stories of people being forced to survive long periods without food. Some of these survival stories were of people stranded on desert islands.

Imagine you were stranded on a desert island. Which objects would you wish to have with you and why?

For an additional challenge:

- consider the history of language creation
- explain the language creation that inspired the survival on the island
- how long have we been using the word 'island'?
