

All About Blood  
Fill-in-the-Blank

Name \_\_\_\_\_ Date \_\_\_\_\_

### Made in His Image: The Blood

Blood flows through your body, reaches each cell and provides life, health and healing.

God told us this in Leviticus 17:11 many decades before we discovered it.

Leviticus 17:11 and the life of the flesh is in the blood."

"For in him all the fullness of God was pleased to dwell, and through him to reconcile to himself all things, whether on earth or in heaven, making peace by the blood of his cross." - Colossians 1:19-20

#### Major Functions of Blood

1. \_\_\_\_\_ - Carries oxygen and nutrients to the body and picks up waste.

5. \_\_\_\_\_ - Blood contains hormones that carry messages to different cells i.e. epinephrine

2. \_\_\_\_\_ - The white blood cells in your body fight foreign invaders. Platelets also form quickly to close a wound.

3. \_\_\_\_\_ - Your brain is your body's thermostat but your blood helps control the temperature of your body.

#### Word Bank

***A Comprehensive Guide to Child Custody Evaluations: Mental Health and Legal Perspectives*** Joanna Bunker Rohrbaugh, 2007-11-26  
In order to assist families embroiled in child custody disputes, the courts order thousands of child custody evaluations each year. Some of these evaluations are brief, problem-focused assessments aimed at quickly resolving a specific area of dispute. Other evaluations are more comprehensive, covering all aspects of family functioning in complex cases. The process of ordering, conducting, or assessing either type of child custody evaluation requires a clear understanding of how legal and psychological issues are intertwined in each case. This book is designed to meet this need for a comprehensive guide that combines legal information and forensic procedures with the social science research that must be the basis for all custody recommendations and decisions. The book should be helpful to three separate but related groups of experienced professionals: a family and probate judge, b family practice attorneys, and c forensic mental health professionals. Before they can order a custody evaluation and use the information it provides, judges must have a clear understanding of how to integrate clinical information about each family with the related social science research. This book will also enable judges to assess each custody report in terms of a the professional and legal guidelines for conducting custody evaluations and b research-based criteria in each area of family functioning. The text and CD also offer examples of how best to write orders for custody evaluations and detailed parenting plans that address the issues in each family.

**Career Development for Health Professionals** Lee Haroun, 2015-07-28  
Master the skills you need to succeed in the classroom and as a health care professional. Filled with tips and strategies, *Career Development for Health Professionals*, 4th Edition, provides the skills required to achieve four important goals: 1. complete your educational program, 2. think like a health care professional, 3. find the right jobs, and 4. attain long-term career success.
