Assessing Trauma in Forensic Contexts Rafael Art. Javier, Elizabeth A. Owen, Jemour A. Maddux, 2020-02-29. This book examines the different ways that trauma is involved in the lives of those who interact with the justice system and how trauma can be exacerbated in legal settings. It includes both victims and perpetrators in providing a perspective on trauma in general and a framework that will guide those who evaluate and treat individuals in forensic settings. Comprehensive in scope, it covers key areas such as developmental issues, emotions, linguistic and communication difficulties and special populations such as veterans, immigrants, abused women, incarcerated individuals and children. The main objective of this book is to bring trauma to the fore in conducting forensic evaluations in order to understand these cases in greater depth and to provide appropriate interventions for a range of problems. This masterful book, edited by Rafael Art. Javier, Elizabeth Owen and Jemour A. Maddux, is a refreshing, original and thoughtful response to these needs, demonstrating beyond any doubt why lawyers and forensic mental health professionals must be trauma informed in all of their relevant work. Michael L. Perlin, Esq., New York Law School.

Sustainable Stellenbosch Mark Swilling, Ben Sebitosi, Ruenda Loots, 2012-11-01. Stellenbosch faces the same challenges that most South African urban areas face: rapid urbanisation, sluggish economic growth, growing inequalities, unsustainable use of natural resources, deteriorating biodiversity, social problems, unhealthy living, insecure supplies of healthy food, degrading soils, infrastructure backlogs and inadequate urban planning. At the same time, Stellenbosch has tremendous potential. It brings together in one beautiful place extraordinary intellectual capacity, social diversity, financial resources, creative potential, high value eco systems, spiritual energy and some of South Africa's most vibrant grassroots social movements in its poorest areas. The brief given to the writers was to examine the current challenges and discuss what needs to change in the way we think about these challenges to ensure more positive and sustainable long term outcomes. This is therefore a contribution that aims to further open up and widen recent dialogues about the future that Stellenbosch deserves. Back cover.
