**Romanticism and the Question of the Stranger** David Simpson, 2024-05-31 In our post 9 11 world the figure of the stranger the foreigner the enemy the unknown visitor carries a particular urgency and the force of language used to describe those who are different has become particularly strong But arguments about the stranger are not unique to our time In *Romanticism and the Question of the Stranger* David Simpson locates the figure of the stranger and the rhetoric of strangeness in romanticism and places them in a tradition that extends from antiquity to today Simpson shows that debates about strangers loomed large in the French Republic of the 1790s resulting in heated discourse that weighed who was to be welcomed and who was to be proscribed as dangerous Placing this debate in the context of classical biblical and other later writings he identifies a persistent difficulty in controlling the play between the despised and the desired He examines the stranger as found in the works of Coleridge Austen Scott and Southey as well as in depictions of the betrayals of hospitality in the literature of slavery and exploration as in Mungo Park's *Travels* and Stedman's *Narrative* and portrayals of strange women in de Sta l Rousseau and Burney Contributing to a rich strain of thinking about the stranger that includes interventions by Ricoeur and Derrida *Romanticism and the Question of the Stranger* reveals the complex history of encounters with alien figures and our continued struggles with romantic concerns about the unknown
