

GOVERNING THE PRESENT

PETER MILLER and NIKOLAS ROSE

Governing The Present Administering Economic Social And Personal Life

**Paul McIlvenny, Julia Zhukova
Klausen, Laura Bang Lindegaard**

Governing The Present Administering Economic Social And Personal Life:

Governing the Present Peter Miller, Nikolas Rose, 2008-04-28 Bringing together empirical research on the government of economic social and personal life the book clearly demonstrates the importance of analysing these as conjoint phenomena rather than separate domains and questions some cherished boundaries between disciplines and topic areas The Diffusion of Power in Global Governance S. Guzzini, I. Neumann, 2012-10-14 The study of global governance has often led separate lives within the respective camps of International Political Economy and Foucauldian Studies Guzzini and Neumann combine these to look at an increasingly global politics with a growing number of agents recognising the emergence of a global polity **The Mobilities Paradigm** Marcel Endres, Katharina Manderscheid, Christophe Mincke, 2016-05-12 Over the last two decades the conceptualisation and empirical analysis of mobilities of people objects and symbols has become an important strand of social science Yet the increasing importance of mobilities in all parts of the social does not only happen as observable practices in the material world but also takes place against the background of changing discourses scientific theories and conceptualisations and knowledge Within the formation of these mobilities discourses the social sciences constitute a relevant actor Focussing on mobility as an object of knowledge from a Foucauldian perspective rather than a given entity within the historical contingency of movement this book asks How do discourses and ideologies structure the normative substance social meanings and the lived reality of mobilities What are the real world effects of on the will and the ability to be mobile And how do these lived realities in turn invigorate or interfere with certain discourses and ideologies of mobility **Gender, Governance and Feminist Analysis** Christine M Hudson, Malin Rönnblom, Katherine Teghtsoonian, 2017-07-14 This edited volume presents critical scholarship analysing governance practices in diverse jurisdictions in Europe and North America at multiple scales and in relation to several different arenas of policy and practice The contributors address shortcomings in the mainstream literature on governance within the discipline of political science The volume as a whole is marked by geographical and topical diversity However what the individual chapters have in common is that each considers whether and how gender racialized identity and or other axes of marginalization are visible within the conceptualizations and or practices of governance under discussion Drawing together insights and conceptual tools from both feminist and post structuralist frameworks in analysing governance practices this volume will be of great interest to scholars and graduates who engage with feminist and or post structural analysis of policy and governance It will also be of use to critical policy scholars in anthropology geography sociology and women s studies **Responsible Citizens** B. J. Brown, Sally Baker, 2013-10-15 The individual has never been more important in society in almost every sphere of public and private life the individual is sovereign Yet the importance and apparent power assigned to the individual is not all that it seems As Responsible Citizens investigates via its UK based case studies this emphasis on the individual has gone hand in hand with a rise in subtle authoritarianism which has insinuated itself into the government of the population Whilst present

throughout the public services this authoritarianism is most conspicuous in the health and social welfare sectors such that a kind of governance through responsibility is today enforced upon the population

The SAGE Handbook of Governance Mark Bevir, 2010-12-14 The study of governance has risen to prominence as a way of describing and explaining changes in our world The SAGE Handbook of Governance presents an authoritative and innovative overview of this fascinating field with particular emphasis on the significant new and emerging theoretical issues and policy innovations The Handbook is divided into three parts Part one explores the major theories influencing current thinking and shaping future research in the field of governance Part two deals specifically with changing practices and policy innovations including the changing role of the state transnational and global governance markets and networks public management and budgeting and finance Part three explores the dilemmas of managing governance including attempts to rethink democracy and citizenship as well as specific policy issues such as capacity building regulation and sustainable development This volume is an excellent resource for advanced students and researchers in political science economics geography sociology and public administration Mark Bevir is a Professor of Political Science at the University of California Berkeley

Responsibilisation at the Margins of Welfare Services Kirsi Juhila, Suvi Raitakari, Christopher Hall, 2016-11-10 The impetus for this book is the shift in welfare policy in Western Europe from state responsibilities to individual and community responsibilities The book examines the ways in which policies associated with advanced liberalism and New Public Management can be identified as influencing professional practices to promote personalisation participation empowerment recovery and resilience In examining the concept of responsibilisation from the point of view of both the responsibilised client and welfare worker the book breaks from the traditional literature to demonstrate how responsibilities are negotiated during multi professional care planning meetings home visits staff meetings focus groups and interviews with different stakeholders The settings examined in the book can be described as on the margins of welfare mental health substance abuse homelessness services and probation work where the rights and responsibilities of clients and workers are uncertain and constantly under review Each chapter approaches the management of responsibilities from a particular angle by combining responsibilisation theory and discourse analysis to examine everyday encounters Taken together the chapters paint a comprehensive picture of the responsibilisation practices at the margins of welfare services and provide an extensive discussion of the implications for policy and practice Drawing upon both the governmentality literature and everyday encounters the book provides a broad approach to a key topic It will therefore be a valuable resource for social policy public administration social work and human service researchers and students and social and health care professionals

Foucault and Managerial Governmentality Alan McKinlay, Eric Pezet, 2017-02-10 In the last two decades there has been an explosion of research inspired by Michel Foucault's suggestion of a new concept governmentality The distinctive feature of modern governmentality is that across all sorts of fields rule is predicated upon the active subject as the vehicle through which and by which power is exercised The appeal of

governmentality is that whether we are considering the workplace the school or welfare regimes it opens up new ways of looking at familiar institutions Foucault and Managerial Governmentality is about Michel Foucault's concept of governmentality The novelty of this concept is that looks at the ways that populations and organisations are imagined in ways that premise collective gains through expanding individual freedoms Specifically how are technologies of freedom devised that improve the overall performance health productivity or parental responsibility of a given population Understanding the operation of technologies of control is a simple enough task argues Foucault but also one that blinds us to the increasing prevalence of technologies of freedom Foucault and Managerial Governmentality aims not just to locate this concept in Foucault's wider research project but to apply it to all sorts of management techniques By applying governmentality to questions of management and organization we will also develop Foucault's original somewhat sketchy concept This book has three innovative narratives an awareness of the historicity of the concept the application of governmentality to specific forms of management means that we escape the temptation to read any and all forms of technology and organization as an expression of neoliberalism and finally the interviews with Peter Miller and Nikolas Rose provide unique intellectual and personal insights into the development of the governmentalist project over the last thirty years

An Archaeology of Educational Evaluation Emiliano Grimaldi, 2019-08-16 *An Archaeology of Educational Evaluation* Epistemological Spaces and Political Paradoxes outlines the epistemology of the theories and models that are currently employed to evaluate educational systems education policy educational professionals and students learning It discusses how those theories and models find their epistemological conditions of possibility in a specific set of conceptual transferences from mathematics and statistics political economy biology and the study of language The book critically engages with the epistemic dimension of contemporary educational evaluation and is of theoretical and methodological interest It uses Foucauldian archaeology as a problematising method of inquiry within the wider framework of governmentality studies It goes beyond a mere critique of the contemporary obsession for evaluation and attempts to replace it with the opening of a free space where the search for a mode of being acting and thinking in education is not over determined by the tyranny of improvement This book will appeal to academics researchers and postgraduate students in the fields of educational philosophy education policy and social science

Foucault and Post-Financial Crises John G. Glenn, 2018-09-25 This title explains the causes of the financial crisis and the economic reforms that were created subsequently through a Foucauldian philosophical lens The author sets out the approaches established by Foucault namely governmentality biopolitics and disciplinary mechanisms explaining how these influenced the shift of production from a local to a global level alongside a shift towards financialisation Glenn applies Foucauldian principles to aid understanding of the self corrective mechanisms applied to the financial system and the interpellative processes that led to the emergence of a new mode of subjectification Concurrently this title examines the retreat of the state from the financial sphere This shift the author posits did not mean the complete absence of governance

rather governance became more concerned with ensuring that financial behaviour was contained within certain limits

Governmentality after Neoliberalism Mark Bevir, 2018-10-24 Neoliberalism has had a major impact on public policy but it has also perhaps obscured the equally dramatic spread of other policy tools based on significantly different forms of social science This book therefore explores the mixture of social technologies that have arisen since neoliberalism sometimes alongside and sometimes in conflict with it but generally as attempts to address problems created by the market reforms of a high neoliberalism These have included attempts to spread networks joining up and long term partnerships and to build state capacity social capital and resilient communities Thematically each chapter is defined by its engagement with governmentality specifically challenging governmentality theory to pay more attention to practices The book also develops a complex and variegated account of neoliberalism and its afterlife as chapters highlight the different ways in which a range of market mechanisms and other technologies now coexist in different policy areas Finally the book moves beyond abstract discussions of both governmentality and neoliberalism to concrete demonstrations of this approach in action This text will be of key interest to scholars and students of governance public policy governmentality theory and more broadly to British Politics social policy and sociology

Neoliberalisms in British Politics Christopher Byrne, 2018-09-21 Taking a chronological approach this book challenges established economic and ideologic narratives of neoliberalism in Britain by charting the gradual diffusion of an increasingly interventionist neoliberal governmental rationality in British politics since the late 1970s and the various means by which the project has furnished itself with a hegemonic basis for its popular support Spanning five decades of British political history and drawing on rich empirical evidence to bring conceptual clarity to and chart the effects of a style of government bound up with a host of epochal changes it concludes by considering Brexit and the rise of Corbynism as the final act in the neoliberal saga It then poses the question Is British politics on the verge of a major reconstruction representing a decisive rejection of neoliberalism This book will be of key interest to scholars and students of British politics and neoliberalism liberalism and more broadly to political theory political economy and public policy

Advertising and Cultural Politics in Global Times Pamela Odih, 2016-03-03 Advertising and Cultural Politics in Global Times traces daringly transgressive convergences between cultural politics and global advertising media It engages with a range of interpolations between cultural politics and advertising technologies including the governmental rationality of neoliberal vistas transgressive aesthetics and the cultural politics of representation the political sign economy of citizen branding techno political convergences between the social and political and the marking of a new exciting geo political terrain for cultural politics in global times Tracing global advertising practices to the cultural politics commonly manifested in the postmodern political caesura of advertising this book makes use of extensive case studies whilst drawing on the work of Baudrillard Giroux Foucault Castells and Latour to illustrate the manner in which advertising continues to revolutionize the political sphere As such it will be of interest to a range of readers across media studies cultural studies and sociology

Power and Everyday Practices, Second Edition Deborah Brock, Aryn Martin, Rebecca Raby, Mark P. Thomas, 2019-08-19 Rather than view social inequality as a problem for marginalized populations *Power and Everyday Practices* turns the spotlight on the ways power and privilege are produced and reproduced in our everyday worlds **States, Markets and Foreign Aid** Simone Dietrich, 2021-11-11 Explores the different choices made by donor governments when delivering foreign aid projects around the world **International Political Sociology** Tugba Basaran, Didier Bigo, Emmanuel-Pierre Guittet, R. B. J. Walker, 2016-07-22 This book presents an overview and evaluation of contemporary research in international political sociology IPS Bringing together leading scholars from many disciplines and diverse geographical backgrounds it provides unprecedented coverage of the key concepts and research through which IPS has opened up new ways of thinking about international relations It also considers some of the consequences of such innovations for established forms of social and political analysis It thus takes the reader on an intellectual journey engaging with questions about boundaries and limits among the many interrelated worlds in which we now live the ways we conceptualise them and how we continually reshape boundaries of identities spaces authorities and disciplinary knowledge The volume is organized three sections Lines Intersections and Directions The first section examines some influences that led to the formation of the project of IPS and how it has opened up avenues of research beyond the limits of an international relations discipline shaped within political science The second section explores some key concepts as well as a series of heated discussions about power and authority practices and governmentality performativity and reflexivity The third section explores some of the transversal topics of research that have been pursued within IPS including inequality migration citizenship the effect of technology on practices of security the role of experts and expertise data driven surveillance and the relation between mobility power and inequality This book will be an essential source of reference for students and across the social sciences *Algorithmic Regimes* Juliane Jarke, Bianca Prietl, Simon Egbert, Yana Boeva, Hendrik Heuer, 2025-10-01 Algorithms have risen to become one if not the central technology for producing circulating and evaluating knowledge in multiple societal arenas In this book scholars from the social sciences humanities and computer science argue that this shift has and will continue to have profound implications for how knowledge is produced and what and whose knowledge is valued and deemed valid To attend to this fundamental change the authors propose the concept of algorithmic regimes and demonstrate how they transform the epistemological methodological and political foundations of knowledge production sensemaking and decision making in contemporary societies Across sixteen chapters the volume offers a diverse collection of contributions along three perspectives on algorithmic regimes the methods necessary to research and design algorithmic regimes the ways in which algorithmic regimes reconfigure sociotechnical interactions and the politics engrained in algorithmic regimes **Subversive citizens** Barnes, Marian, Prior, David, 2009-07-29 Many of the recent reforms in public services in the UK have been driven by the image of the responsible citizen the service user who does not only have rights to receive services but also has

responsibilities for the delivery of policy outcomes In this way citizens everyday conduct is shaped by governmental action yet there is much evidence that both front line staff in public services and the people who use them can sometimes act in ways that modify disrupt or negate intended policy outcomes Subversive citizens presents a highly original examination of how official policy objectives can be subverted through the actions of staff and users It discusses the role of public policy in the creation of good citizenship such as making appropriate choices about what to eat and how much to save to being an active participant in the local community It also examines how the roles of service delivery staff have changed substantially and how theories of power and agency are useful in analysing the engagement between public policies and those employed to deliver them and the citizens at whom they are targeted The idea of subversive citizenship is explored through theoretical and empirical analyses by a range of prominent social researchers and will be of interest to students of social policy sociology criminology politics and related disciplines as well as policy makers involved in public services

Enterprise Culture in Neoliberal India Nandini Gooptu, 2013-10-30 The promotion of an enterprise culture and entrepreneurship in India in recent decades has had far reaching implications beyond the economy and transformed social and cultural attitudes and conduct This book brings together pioneering research on the nature of India's enterprise culture covering a range of different themes workplace education religion trade films media youth identity gender relations class formation and urban politics Based on extensive empirical and ethnographic research by the contributors the book shows the myriad manifestations of enterprise culture and the making of the aspiring enterprising self in public culture social practice and personal lives ranging from attempts to construct hegemonic ideas in public discourse to appropriation by individuals and groups with unintended consequences to forms of contested and contradictory expression It discusses what is new about enterprise culture and how it relates to pre-existing ideas and goes on to look at the processes and mechanisms through which enterprise culture is becoming entrenched as well as how it affects different classes and communities The book highlights the social and political implications of enterprise culture and how it recasts family and interpersonal relationships as well as personal and collective identity Illuminating one of the most important aspects of India's current economic and social transformation this book is of interest to students and scholars of Asian Business Sociology Anthropology Development Studies and Media and Cultural Studies

Studies of Discourse and Governmentality Paul McIlvenny, Julia Zhukova Klausen, Laura Bang Lindegaard, 2016-06-29 This volume brings together analyses of governmentality from different angles in order to explore the multiple forms practices modes programmes and rationalities of the conduct of conduct today Following the publication of Foucault's annual lecture series at the Collège de France scholars have attempted to critically rethink Foucault's ideas This is the first volume that attempts to revisit and expand studies of governmentality by connecting it to the theories and methods of discourse analysis The volume draws on different theoretical stances and methodological approaches including critical discourse analysis conversation analysis dialogic analysis multimodal discourse analysis the discourse historical approach

corpus analysis and French discourse analysis The volume is relevant to students and scholars in the fields of critical discourse studies conversation analysis international studies environmental studies political science public policy and organisation studies

Governing The Present Administering Economic Social And Personal Life Introduction

In the digital age, access to information has become easier than ever before. The ability to download Governing The Present Administering Economic Social And Personal Life has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Governing The Present Administering Economic Social And Personal Life has opened up a world of possibilities. Downloading Governing The Present Administering Economic Social And Personal Life provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Governing The Present Administering Economic Social And Personal Life has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Governing The Present Administering Economic Social And Personal Life. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Governing The Present Administering Economic Social And Personal Life. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Governing The Present Administering Economic Social And Personal Life, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Governing The Present Administering Economic Social And Personal Life has transformed the way we

access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Governing The Present Administering Economic Social And Personal Life Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Governing The Present Administering Economic Social And Personal Life is one of the best book in our library for free trial. We provide copy of Governing The Present Administering Economic Social And Personal Life in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Governing The Present Administering Economic Social And Personal Life. Where to download Governing The Present Administering Economic Social And Personal Life online for free? Are you looking for Governing The Present Administering Economic Social And Personal Life PDF? This is definitely going to save you time and cash in something you should think about.
