Mauk,2017-04-14 Gerontological Nursing Competencies for Care Fourth Edition focuses on caring for the elderly by employing a holistic and interdisciplinary approach The text follows the framework of the core competencies for baccalaureate nursing education published by the American Association of Colleges of Nursing AACN and the John A Hartford Foundation Institute for Geriatric Nursing This framework is structured to ensure nursing students attain the recommended knowledge to achieve the competencies necessary to provide excellent care to older adults Back cover

Headaches Claudio Buttice,2024-08-08 More than 95% of people will experience a headache at least once in their lives Discover the answers to common questions about this nearly universal human experience Part of the Q A Health Guides series this book offers a broad introduction to headaches using an engaging question and answer format The book s questions explore the different types of headaches including tension type headaches migraines and less common but more severe headache disorders such as cluster headaches Readers will discover the causes and triggers of headaches how headache disorders are diagnosed and managed and the warning signs that a headache may be an indication of a serious underlying health issue such as a brain tumor The book also examines the often unacknowledged toll that severe headache disorders can have on individuals relationships and even the economy Augmenting the main text a collection of 5 case studies illustrate key concepts and issues through relatable stories and insightful recommendations The Common Misconceptions section at the beginning of the volume dispels 5 long standing myths about headaches directing readers to additional information in the text The glossary defines terms that may be unfamiliar to readers while the directory of resources curates a list of the most useful books websites and other materials Finally whether they re looking for more information about this subject or any other health related topic readers can turn to

the Guide to Health Literacy section for practical tools and strategies for finding evaluating and using credible sources of health information both on and off the internet **Relieve Your Child's Chronic Pain** Elliot J. Krane, 2007-11-01 An essential survival guide for parents whose children suffer with persistent and often debilitating pain Approximately ten million children are living with chronic pain Most people would be surprised at such numbers but for the parents of these children the challenge of helping a pain stricken child live a normal life is a frightening and frustrating reality Chronic pain in children can manifest as abdominal migraine or facial pain It also stems from a wide variety of disorders such as juvenile rheumatoid arthritis cystic fibrosis hemophilia and childhood cancers No matter what type of chronic pain the child suffers with a parent must be armed with an understanding of how a child's expression and experience of pain differs from an adult's Trained in pediatric anesthesia and intensive care at Boston Children's Hospital Dr Elliot Krane has devoted his entire professional life to refining and innovating techniques strategies and therapies to relieve the suffering of children with pain In his book **Relieve Your Child's Chronic Pain** parents will find the information and tools they need to get the very best care for their child It will help you Recognize measure and evaluate your child's pain properly Learn about the many alternative pain management approaches that can be used at home Dispel fears about addiction if your child is prescribed a narcotic Find an appropriate pain management clinic for your child Reduce the stress and anxiety in the home in a way that benefits the entire family You may not always be able to eliminate chronic pain entirely but you can succeed in minimizing your child's suffering

Therapeutic Activities for Children and Teens Coping with Health Issues Robyn Hart, Judy Rollins, 2011-03-21 Winner of the American Journal of Nursing Book of the Year 2011 Category Maternal And Child Health Building on children's natural inclinations to pretend and reenact play therapy is widely used in the treatment of psychological problems in childhood This book is the only one of its kind with more than 200 therapeutic activities specifically designed for working with children and teenagers within the healthcare system It provides evidence based age appropriate activities for interventions that promote coping The activities target topics such as separation anxiety self esteem issues body image death isolation and pain Mental health practitioners will appreciate its cookbook format with quickly read and implemented activities **Palliative Care Nursing** Marianne Matzo, Marianne L. Matzo, Deborah Witt Sherman, 2018-06-28 This 5th edition is an important achievement it is a symbol of commitment to the field of palliative nursing where we have been and where we are going Betty Rolling Ferrell PhD MA FAAN FPCN CHPN From the Foreword The aging population has only grown since the first edition of this comprehensive and seminal publication nearly 20 years ago Based on the need to humanize rather than medicalize the illness experience for patients this text delves into palliative care beyond the specific diseases affecting the patient Instead content focuses on the whole person and family Palliative patients struggle with chronic debilitating and painful conditions and grapple with the fact that life as they knew it has already passed away Families and friends reciprocally suffer not knowing how to help and therefore become the secondary victims of the disease This is not the

challenge of a lone nurse or a single physician therapist or social worker Rather palliative and hospice care requires the expertise and unique roles of an interprofessional team to help the patient and family strengthen their resilience continue to find meaning and purpose in life and cure what can be cured Palliative Care Nursing Fifth Edition delivers advanced empirical aesthetic ethical and personal knowledge This new edition brings an increased focus on outcomes benchmarking progress and goals of care It expounds upon the importance of the cross disciplinary collaboration introduced in the previous edition Every chapter in Sections I II and III includes content written by a non nursing member of the interprofessional team Based on best evidence and clinical practice guidelines this text presents comprehensive targeted interventions responsive to the needs of palliative and hospice patients and family Each chapter contains compassionate timely appropriate and cost effective care for diverse populations across the illness trajectory Key Features The expanded new edition offers current comprehensive one stop source of highly relevant clinical information on palliative care Life span approach age appropriate nursing considerations e g geriatric pediatric and family Includes disease specific and symptom specific nursing management chapters Promotes a holistic and interdisciplinary approach to palliative care Offers important legal ethical and cultural considerations related to death and dying Case Studies with Case Study Conclusion in each clinical chapter New to The Fifth Edition An expanded chapter on Palliative Care incorporates most up to date scope and standards information on Basic and Advanced HPNA certification self reflection and self care for nurses A chapter on Interprofessional Collaboration Instructor Resources Power points and Test bank

Imagery in Healing Jeanne Achterberg, 2002-01-15

This influential book shows how the systematic use of mental imagery can have a positive influence on the course of disease and can help patients to cope with pain In *Imagery in Healing* Jeanne Achterberg brings together modern scientific research and the practices of the earliest healers to support her claim that imagery is the world's oldest and most powerful healing resource The book has become a classic in the field of alternative medicine and continues to be read by new generations of health care professionals and lay people In *Imagery in Healing* Achterberg explores in detail the role of the imagination in the healing process She begins with an exploration of the tradition of shamanism the medicine of the imagination surveying this time honored way of touching the nexus of the mind body and soul She then traces the history of the use of imagery within Western medicine including a look at contemporary examples of how health care professionals have drawn on the power of the imagination through such methods as hypnosis biofeedback and the placebo effect Ultimately Achterberg looks to the science of immunology to uncover the most effective ground for visualization and she presents data demonstrating how imagery can have a direct and profound impact on the workings of the immune system Drawing on art science history anthropology and medicine *Imagery in Healing* offers a highly readable overview of the profound and complex relationship between the imagination and the body

The Triple Whammy Cure David Edelberg, 2006-01-12

Is this your life You've been feeling just plain awful for far too long depressed exhausted achy stressed out bloated and forgetful In fact you're beginning to find it hard to remember the last time you felt really well or even just okay So you go to the doctor perhaps even a series of doctors who tell you either that your test results are normal and you're fine or that you have to learn to live with your symptoms Maybe they even prescribe medications that don't help or that knock you out with side effects You're fed up You want your health back If this sounds familiar read on You may be suffering from what Dr David Edelberg calls the Triple

Whammy a three pronged assault on body and mind made up of unrelenting stress low levels of the feel good brain chemical serotonin and your ever shifting hormones You can benefit from The Triple Whammy Cure a simple but highly effective three week plan that can stop this devastating attack and let you feel good again It s important to take action now because if Triple Whammy symptoms aren t stopped Triple Whammy disorders can eventually develop chronic anxiety chronic fatigue syndrome memory loss PMS menopause problems postpartum depression depression fibromyalgia wintertime blues TMJ irritable bowel syndrome brain fog migraines sleep problems overeating and weight gain If you ve been diagnosed with one or more of these you can start feeling better soon by following the Three Week Cure and the special healing path provided for your condition Author Dr David Edelberg is a recognized pioneer in treating chronic illnesses and a practicing physician with thirty years of clinical experience Dr Edelberg s Triple Whammy Cure is a natural program that provides powerful but easy solutions for each of the three whammies with steps that include boosting your serotonin levels without taking an antidepressant natural supplements backed up by the best studies for smoothing hormonal swings and a stress relief menu that s more fun than work There s also a delicious serotonin boosting eating plan And reading his healing paths for Triple Whammy disorders is like having a virtual appointment with Dr Edelberg The Triple Whammy Cure is so simple that Dr Edelberg s thousands of patients wondered how it would work until they tried it themselves and felt so much better only twenty one days later Case stories in the book show how these patients got their lives back Now The Triple Whammy Cure can help you get back your life too
