Affirmation and Healing Within Spiritual Direction Cynthia Herman,2020-05-26 ABSTRACT Key to the process of spiritual

growth is the knowledge that human beings long for love. They desire to know their worth and value. This seeking leads to a desire for a relationship with God. In order to grow in faith to a deeper relationship with God, it is important to first have a strong sense of one's own worth as a basis for growth. This involves an accurate self-perception and a loving self-acceptance. Affirmation can help to develop a loving self-acceptance where one can experience, feel, and see one's worth. Affirmation is a gift of love from one person to another where one receives oneself as one experiences one's own goodness and dignity from the other, and one learns one is lovable. Another key to spiritual growth is self-knowledge. Self-acceptance and self-knowledge are the beginning of the spiritual life. Developing emotional awareness leads to greater self-knowledge. Emotions need to be listened to and interpreted as part of the development of self-knowledge and self-acceptance. This emotional awareness is the beginning of understanding the negative patterns of behavior that come out of one's woundedness. With the healing presence of Christ through prayer, one can experience God's love for them in one's woundedness and know that God dwells within and desires to transform and heal wounds with his love. This affirms one in one's worthiness, enabling one to be able to open to receive love and then return love. In spiritual direction, one seeks a relationship with God. It is a sacred time of growth, conversion, and transformation. It is a time when one looks at a relationship with self, others, and God. One is empowered by the grace of God to enter this process and continue the development of these relationships. The ministry of spiritual direction is called to be the sacred place where humanity in their fullness meets their God and accepts his mercy. When one surrenders to this grace, one is surrendering to love, mercy, and affirmation. One's self-image and relationship with others and God are touched and experienced in a new light.

**How We Heal** Douglas Morrison, Douglas Wyeth Morrison, 2001. This introduction to the frontiers of healing deals in depth with the psychological and emotional issues that stand in the way of good health. Wyeth Morrison discusses esoteric domains of healing including body electronics, a method of saturating the body with nutrients and releasing toxins through a process of point holding. 60 illustrations, 10 charts.

**Drawing from Within** Lisa Hinz, 2006-07-15. Drawing from Within is an introductory guide for those wanting to explore the use of art with clients with eating disorders. Art therapy is a particularly effective therapeutic intervention for this group as it allows them to express uncomfortable thoughts and feelings through artistic media rather than having to explain them verbally.

**Beyond the Power of Love** Janice Romney, 2012-11. Some of Janice Romney's earliest memories bring back painful images of sexual abuse and the guilt and turmoil from that abuse at age five, carried throughout her life. In *Beyond the Power of Love*, Romney narrates her life story from the perspective of a mother and woman who lived through abuse, divorce, marriage transformation, and fallen dreams, only to discover the healing power of love. In this new revision of her earlier book *Beneath Wings of Angel*, she provides firsthand insight deep into the heart of a disturbing and terrifying world of abuse. She shares a journey filled with heartbreaking challenges as she moves from domestic violence to freedom. Even with its difficulties, however, her story is one of great healing, faith, and love.
