Treasures in Clay Jars George B. Thompson, 2012-02-21 Thompson a prolific author of church leadership resources believes the continuing decline in membership of mainline denominations and the increasing number of multicultural and multiracial churches call for a new way of thinking ministers must begin to see their ministry differently in order to do their ministry differently *Treasures in Clay Jars* is designed to provide persons in training for ministry with a paradigm shifting framework to interpret and work effectively with the complex dynamics of local faith communities Thompson takes an innovative approach by utilizing explicit and relevant conceptual and theoretical tools from the social sciences sociology economics and cultural anthropology to engage future pastors to minister effectively to twenty first century congregations The book discusses congregations in five different ways as social group as bearer of meaning as locus of exchange as collective capacity and as complex organization A study guide is included for church leaders who would like to engage their congregations in this new paradigm of ministry

Practical Theology Richard R. Osmer, 2008-07-02 Every church congregation encounters challenging situations some the same the world over and others specific to each church Richard Osmer here seeks to teach congregational leaders including but not limited to clergy the requisite knowledge and skills to meet such situations with sensitivity and creativity Osmer develops a framework for practical theological interpretation in congregations by focusing on four key questions What is going on in a given context Why is this going on What ought to be going on and How might the leader shape the context to better embody Christian witness and mission The book is unique in its attention to interdisciplinary issues and the ways that theological reflection is grounded in the spirituality of leaders Useful accessible and lively with lots of specific examples and case studies Osmer's *Practical Theology* effectively equips

Goodman, 2000-12-31 When serious conflict surfaces in a congregation lay people are usually stunned They feel frightened angry and helpless Congregational Fitness explores why congregations are prone to conflict and describes healthy behaviors lay people can practice to manage conflict constructively Goodman argues that since it is members of the congregation who carry on from one pastor to another it is important for them to know and practice positive behaviors continually rather than reacting out of emotion and anxiety to an unexpected situation Designed for use by individuals study

Ministry in a Secular Age trilogy leading practical theologian Andrew Root offers a new paradigm for understanding the congregation in contemporary ministry He articulates why congregations feel pressured by the speed of change in modern life and encourages an approach that doesn't fall into the negative traps of our secular age Living in late modernity means our lives are constantly accelerated and calls for change in the church often support this call to speed up Root asserts that the recent push toward innovation in churches has led to an acceleration of congregational life that strips the sacred out of time Many congregations are simply unable to keep up which leads to burnout and depression When things move too fast we feel alienated from life and the voice of a living God The Congregation in a Secular Age calls congregations to reimagine what change is and how to live into this future helping them move from relevance to resonance *Family Crucible* Anthony J. Headley, 2010-01-01 This book explores the life and ministry of John Wesley from the perspective of Murray Bowen's Extended Family Systems Theory and to a lesser extent from Alfred Adler's concept of family constellation Throughout the book the author uses concepts drawn from these theories to explore significant historical and pivotal events in the life of John Wesley Beginning with family events prior to his birth the author also explores his early family constellation influential themes factors shaping his ministry and various relational issues including his relationships with Sophy Hopkey Grace Murray and his marriage to Mary Vazeille It concludes by drawing lessons from Wesley's life pertinent to today's ministers
