to hacking you're left with a deeper understanding of how a hacker thinks and how you need to think in order to be one. Instead of holding your hand all the way through a book that goes on too long about nothing, we teach you core concepts and encourage you to experiment and try things for yourself. After all, it's an undisputed fact that one of the best ways to learn is by doing and learning on your own. However, the world of hacking is way too big to be completely on your own. We aim to help you learn not by shackling you to some extremely specific methods that will be obsolete in 6 months but by teaching you the real concepts below all of it and giving you the tools and means to keep up to date with hacking. There are a lot of books out there on the market about this topic but it's incredibly difficult to beat this one. **Hacking Tips and Tricks to Learn Hacking Quickly and Efficiently** doesn't lie to you for a second. We're going to give you the best tips and tricks to help you learn to hack quickly and efficiently.
