country since professional evaluation emerged in the 1960s The question explored through an examination of the theory and practice of democratic evaluation is whether it is possible to both posit and practice an approach to evaluation that provides an effective curb on the derivatisation and centralisation of information for educational decision making The book documents the emergence of politically conscious evaluation in this country and through two detailed cases explores the strengths and weaknesses of democratic theory in practice Issues concerning the rights obligations and freedoms of evaluators in the conduct and dissemination of evaluations are discussed

Curriculum, Schooling and Society in Hong Kong Paul Morris,Bob Adamson,2010-11-01 Hong Kong is a fascinating place for the study of curriculum Its schooling system is influenced by the legacies of a Chinese tradition and British colonialism and was developed at a time when around the world that state was taking more responsibility for the education of young people and educational policies were increasingly influenced by the impact of globalization To this we can add the complexities of Hong Kong as a society one that has witnessed major political and economic changes over the past 150 years or so and particularly since the late 1970s The dynamics produce an intricate interplay of innovation and conservatism globalization and localization liberalism and authoritarianism devolution and centralization and many other tensions This book provides a comprehensive introduction to curriculum as a field of study in a way which highlights its inherent dilemmas and complexities by illustrating the diverse ways in which a curriculum can be developed and analyzed It also presents a specific analysis of the Hong Kong school curriculum and highlights the ways in which the curriculum both reflects and changes in response to broader socio political shifts Publisher s website

Managing the Primary School Tim Hill,2018-05-11 Originally published in 1989 This book which was one of the first to take account of the recommendations of the Education Reform Act which came into effect in September 1988 provides a practical overview of primary school management from resources which include staff space equipment and finance to relationships with outside bodies governors parents teachers children and non teaching staff

Change and the Curriculum Geva M. Blenkin Gwyn Edwards Albert Victor Kelly,MS Geva M Blenkin,Professor T Gwyn Edwards,Professor A Vic V Kelly,1992-04-28 Through the work of the Schools Council and other national agencies the difficulties of achieving effective curriculum change through centralized initiatives and directives have been well documented At the same time the importance of teacher involvement in such activities and the advantages of curriculum development over revolutionary innovation have become plain This knowledge and the understandings it has generated are important today when unusually sweeping changes are being brought about in the school curriculum The authors of this book draw together these ideas to assist people promoting curriculum changes as well as those on the receiving end of such projects

Language Teacher Education Jon Roberts,2016-04-29 Language Teacher Education is an introduction to language teacher training and development for teachers and providers in pre service and in service programmes The text outlines the main theories of human learning and applies them to teacher education Based on a broadly social constructivist perspective

it suggests a framework for planning pre service and in service programmes and is illustrated both with case studies from a range of training situations around the world and appendices containing teacher education materials Language Teacher Education is intended to inform readers practical decisions and to help them build their own theories of teacher learning

Local Management of Schools Gwen Wallace,1992 An edited collection of papers covering the early days of the local management of schools The book features research by economists management theorists and education researchers and accounts of experience by LEA officers and a primary school Deputy Head It points to a range of critical issues deriving from paradoxes in the theoretical models underpinning the 1988 Education Reform Act **Routledge Library Editions:**
