Homosexuality A Subjective And Objective Investigation

John Boswell

Homosexuality A Subjective And Objective Investigation:

Homosexuality Charles Berg, 2021-12-26 First published in Britain in 1958 the original blurb read To those whose sex life is based on heterosexual relationships the homosexual is a grotesque shadowy creature a person spoken of with scorn If you are not one of us it is impossible to realise our feelings when this occurs It is incredible to us that a well educated girl could make the following remark What do they look like I wonder if I ve ever seen one These words written by a lesbian and taken from one of the personal histories of homosexual men and women which open this book might be taken as its theme In our statistically minded age we are apt to forget that behind the word homosexual there is always a person Widespread misconceptions about homosexuality are particularly startling when one considers the disturbing prevalence The purpose of this book is to bring into public light the knowledge of the manifestations of the problem so that they may be openly examined The book is divided into two parts Part One presents a collection of revealing autobiographies diaries letters and intimate observations in which the homosexuals speak for themselves Part Two offers an examination of the cause and cure of homosexuality by important figures from all major schools of thought It includes contributions by Sigmund Freud C G Jung George W Henry Magnus Hirschfield Wilhelm Stekel and Sandor Ferenczi In editing this volume Dr Berg has bridged a significant gap in the scientific approach to sexual behaviour By bringing to life the feelings fears attitudes and anxieties of the human being behind the statistics of homosexual incidence as well as the causes it should become indispensable to the movement for intelligent sex education This book is a re issue originally published in 1958 The language used is a reflection of its era and no offence is meant by the Publishers to any reader by this re publication

Homosexuality and Literature: 1890-1930 Jeffrey Meyers, 2016-10-06 Although artists are nowadays able to be openly gay and to address homosexuality explicitly in their work this book argues that it was the harsh climate of 1890 1930 that produced the most outstanding explorations of homosexuality To support his argument Meyers illuminates the character and creative process of a range of authors of the period including Wilde Gide Proust E M Forster and T E Lawrence and analyses the sexual problems that were sublimated and transcended in their art

Homotopia? Jonathan Kemp, 2015 There is not one corner of the earth where the alleged crime of sodomy has not had shrines and votaries Marquis de Sade Philosophy in the Bedroom Maybe the target nowadays is not to discover what we are but to refuse what we are We have to promote new forms of subjectivity through the refusal of this kind of individuality Michel Foucault The Subject and Power Do opposites attract Is desire lack These assumptions have become so much a part of the ways in which we conceive desire that they are rarely questioned Yet what do they say about how homosexuality a desire for the same is viewed in our culture This book takes as its starting point the absence of a suitable theory of homosexual desire a theory not predicated on such heterological assumptions It is an investigation into how such assumptions acquired meaning within homosexual discourse and as such is offered as an interruption within the hegemony of desire As such homosexual desire constitutes the biggest challenge to Western binaric

thinking in that it dissolves the sacred distinctions between Same Other Desire Identification subject object male female Homotopia composed in 1997 but not published until now investigates the development of a homosexual discourse at the end of the nineteenth century and the beginning of the twentieth century and reveals how that discourse worked within heterosexualized models of desire Andre Gide's Corydon Edward Carpenter's The Intermediate Sex and John Addington Symonds's A Problem in Modern Ethics are all pseudo scientific texts written by non medical men of letters and were in their time highly influential on the emerging homosexual discourse The fourth text the twenty odd pages of Marcel Proust's novel A la recherche de temps perdu usually referred to as La Recherche is the most problematic in that it appeared under the guise of fiction But Proust originally planned this essay within a novel to be published separately In it he offers a pseudo scientific theory of male male love These four texts were published between the years 1891 and 1924 an historical moment when the concept of a distinct homosexual identity took shape within a medicalized discourse centered on essential identity traits and characteristics and they all work within the rubric of science contributing to a discourse which saw the human race divided into two distinct categories heterosexuals and homosexuals How did this division come about and what were its effects How was this discourse sustained and how were the meanings it produced received For men whose erotic interest was exclusively in other men what did it mean to see oneself and one's desires as the outcome of biology rather than moral lapse

What Is Queer Food? John Birdsall, 2025-06-03 A celebrated culinary writer's expansive audacious excavation of the roots of modern queer identity and food culture The food on our plates has long been designed twisted and elevated by queer hands Piecing together a dazzling mosaic of queer lives spaces and meals beloved food writer John Birdsall unfolds the complex story of how through times of fear and persecution queer people used food to express joy and build community and ended up changing the shape of the table for everyone Tracing the evolution of queer food from the early decades of the twentieth century through the LGBTQ civil rights movement of post Stonewall liberation and the devastation of AIDS Birdsall fills the gaps between past and present He channels the twin forces of criticism and cultural history to propel readers into the kitchens restaurants swirling party houses and buzzing interior lives of James Baldwin Alice B. Toklas Truman Capote Esther Eng and others who left an indelible mark on the culinary world from the margins Queer food as Birdsall brilliantly reveals is quiche and Champagne elegance at Sunday brunch and joyous lesbian potlucks in the bunker world of Cold War homophobic purges It's paper chicken for the gender rebel divas of Chinese opera in San Francisco Richard Olney's ecstatic *salade composite* and Rainbow Ice Box Cake from Ernest Matthew Mickler's *White Trash Cooking* It's the intention surrounding a meal the circumstances behind it the people gathered around the table With cinematic verve and delicious prose *What Is Queer Food* is a monumental work a testament to food's essential link to modern queerness that reveals how like fashion or pop music cooking and eating have become a crucial language of LGBTQ identity By reframing our understanding of both food and queerness it opens the door for courageous reckoning and boundless conversation A

History of Bisexuality Steven Angelides, 2001-09-15 Angelides explores the evolution of sexuology revisiting modern epistemological categories of sexuality in psychoanalysis gay liberation social constructionism queer theory biology and human genetics He argues that bisexuality has functioned historically as the structural other to sexual identity itself undermining assumptions about heterosexuality and homosexuality

Between You and Me Gavin Butt, 2005-09-20 A reconsideration of queer American art culture of the mid twentieth century

Homosexuality, 1958 Deviant Bodies Jennifer Terry, Jacqueline L. Urla, 1995-12-22 the papers in *Deviant Bodies* reveal an ongoing Western preoccupation with the sources of identity and human character Times Literary Supplement Highly recommended for cultural studies The Reader's Review It would be useful for upper level undergraduate and graduate courses in the sociology of the body the history and sociology of science and medicine and women's studies courses particularly those exploring the feminist critiques of science and medicine Contemporary Sociology a powerful deconstruction of the scientific gaze in configuring bodily deviance as a means of legitimating the social order within multiple historical and social contexts the many excellent selections will make for compelling reading for students of medical anthropology and the history of science American Anthropologist *Deviant Bodies* reveals that the normal healthy body is a fiction of science Modern life sciences medicine and the popular perceptions they create have not merely observed and reported they have constructed bodies the homosexual body the HIV infected body the infertile body the deaf body the colonized body and the criminal body

Christianity, Social Tolerance, and Homosexuality John Boswell, 2015-12-10 What makes this work so exciting is not simply its content but its revolutionary challenge to Western culture's most familiar moral assumptions Newsweek John Boswell's National Book Award winning study of the history of attitudes toward homosexuality in the early Christian West was a groundbreaking work that challenged preconceptions about the Church's past relationship to its gay members among them priests bishops and even saints when it was first published thirty five years ago The historical breadth of Boswell's research from the Greeks to Aquinas and the variety of sources consulted make this one of the most extensive treatments of any single aspect of Western social history Now in this thirty fifth anniversary edition with a new foreword by leading queer and religious studies scholar Mark D Jordan *Christianity Social Tolerance and Homosexuality* is still fiercely relevant This landmark book helped form the disciplines of gay and gender studies and it continues to illuminate the origins and operations of intolerance as a social force Truly groundbreaking work Boswell reveals unexplored phenomena with an unflinching erudition Michel Foucault Revolutionary sets a standard of excellence that one would have thought impossible in the treatment of an issue so large uncharted and vexed Improbably as it might seem this work of unrelenting scholarship and high intellectual drama is also thoroughly entertaining New York Times Book Review One day when all churches accept the presence and achievements of gay people with approbation instead of denial or disapproval Boswell will in no small way be responsible Gay Lesbian Review

Homosexuality and Marriage William John Tobin, 1964 **Sociological Aspects of Homosexuality** Michael

Schofield, 1965 *A Descriptive Study of Lesbian Mothers* Diane L. St. Marie, 1976 *British Medical Journal*, 1922
Homosexuality and Human Rights, 1978 **Homosexuality; an Annotated Bibliography** Martin S. Weinberg, Alan Paul Bell, 1972 Bibliografie met 1253 geannoteerde titels onderverdeeld in de categorie n etiologie therapie n de homoseksuele gemeenschap geschiedenis niet westerse samenlevingen attitudes en recht Homosexuality: a Selective Bibliography of Over 3,000 Items William Parker, 1971 3188 entries to English language and translated foreign literature Includes pamphlets government documents theses dissertations journal articles religious popular medical scientific and legal court cases newspaper items literary works and audiovisuals Arranged according to kind of publication Entry gives bibliographical information Appendix of American laws applicable to homosexuality Subject author indexes **The Social Construction of Lesbianism** Celia Kitzinger, 1987 The old model of lesbianism as a pathological affliction has largely given way to a liberal social scientific one which presents it as an alternative lifestyle a way of loving a sexual preference or a source of personal fulfilment This book argues that the shift from pathological to gay affirmative research merely substitutes one depoliticized construction of the lesbian for another The author contends that the liberal social construction instead of furthering the liberation of women represents a new development in the oppression of women in general and lesbians in particular Gay affirmative constructions are fundamentally incompatible with radical feminist theory in which lesbianism is a political statement representing the bonding of women against male supremacy Kitzinger urges researchers to reject the traditional model of science as an objective search for truths or facts but instead to examine their own rhetoric and evaluate their political commitments From publisher s description *Whitaker's Five-year Cumulative Book List*, 1958 *The Medical Journal of Australia*, 1959 **De l'homosexualité** Édouard Roditi, 1962-01-01T00:00:00+01:00 Cet essai est le fruit de trente ans de lectures et de réflexions sur le problème tabou par excellence aux tats Unis L auteur a choisi de publier son uvre en France l instar de tant de ses illustres compatriotes d Henry Miller Nabokov dans ce pays qui demeure la terre des libertés de la liberté d expression avant tout quand bien même notre législation en matière de répression de certains délits sexuels reste comme on le verra ici singulièrement peu nuancée Ni plaidoyer ni ouvrage savant cette somme sans prétention de faits et d idées neuves riche de savoureuses et souvent bouleversantes anecdotes n a pas pour objet d assouvir les curiosités malsaines mais d apporter sa contribution la solution d un problème social qui concerne ne serait ce que dans notre pays des centaines de milliers de personnes

Homosexuality A Subjective And Objective Investigation Introduction

In today's digital age, the availability of Homosexuality A Subjective And Objective Investigation books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Homosexuality A Subjective And Objective Investigation books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Homosexuality A Subjective And Objective Investigation books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Homosexuality A Subjective And Objective Investigation versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Homosexuality A Subjective And Objective Investigation books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Homosexuality A Subjective And Objective Investigation books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Homosexuality A Subjective And Objective Investigation books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated

to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Homosexuality A Subjective And Objective Investigation books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Homosexuality A Subjective And Objective Investigation books and manuals for download and embark on your journey of knowledge?

FAQs About Homosexuality A Subjective And Objective Investigation Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Homosexuality A Subjective And Objective Investigation is one of the best book in our library for free trial. We provide copy of Homosexuality A Subjective And Objective Investigation in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Homosexuality A Subjective And Objective Investigation. Where to download Homosexuality A Subjective And Objective Investigation online for free? Are you looking for Homosexuality A Subjective And Objective Investigation PDF?

This is definitely going to save you time and cash in something you should think about.
