The Salt Lake Temple Scott D. Marianno, Assistant Academic Vice President Reid L. Neilson, 2025-08-08 Marianno and Neilson share the history of the temple located at the center of the headquarters for the Church of Jesus Christ of Latter-day Saints in Salt Lake City, Utah, from the time church president Brigham Young declared its precise spot in 1847 to the twenty-first century. Beyond its forty years of construction, readers will learn how the temple shaped and influenced the development of the church into a global faith and its contemporary significance as an icon and symbol for Latter-day Saints.

Developing a Strategy for Missions (Encountering Mission) J. D. Payne, John Mark Terry, 2013-09-15 In this addition to the highly acclaimed Encountering Mission series, two leading missionary scholars offer an up-to-date discussion of missionary strategy that is designed for a global audience. The authors focus on the biblical, missiological, historical, cultural, and practical issues that inform and guide the development of an effective missions strategy. The book includes all the features that have made other series volumes useful classroom tools, such as figures, sidebars, and case studies. Students of global or domestic mission work and mission practitioners will value this new resource. *Home and Foreign Missions Topics Fall 2013* Kimberly Freeman, 2013-08-01 The Home and Foreign Mission Topic challenges the believer to step outside of the normalcy of their everyday lives and do something to help those who are in need. Doing the Word T. Laine Scales, Melody Maxwell, 2024-01-12 In the pantheon of publications related to women's educational history, there is little research concerning women's education in the context of the Baptist church. In *Doing the Word*, Southern Baptists Carver School of Church Social Work and Its Predecessors, 1907-1997, T. Laine Scales and Melody Maxwell provide a complete history of this unique institution. By exploring the dynamic evolution of women's education through the lens of the women's training program for missions and social work at the Southern Baptist Theological Seminary, the authors show how the institution both expanded women's education and leadership and also came into tension with changes in the Southern Baptist Convention, ultimately resulting in its closing in 1997. A touchstone for women's studies and church history alike, *Doing the Word* reopens a lost chapter in the evolution of women's leadership during the twentieth century, a tumultuous period in which the Carver School, under significant pressure to reverse course, sought to expand the roles of women in leading the church. *State, Foreign Operations, and Related Programs Appropriations for 2013: Dept. of State fiscal year 2013 budget justification* United States Congress. House. Committee on Appropriations. Subcommittee on State, Foreign Operations, and Related Programs, 2012 **Insight Turkey 2016 - Spring 2016 (Vol. 18, No.2)**, The Syrian Crisis, the bloodiest front of the Arab uprisings, and one of the main determinants of policies of regional and global

The Gülen Movement in Turkey Caroline Tee,2016-09-06 What is the Gulen Movement and why is Turkey s President Erdogan so convinced that the organisation and its charismatic leader were behind the failed military coup of 15th July 2016 The Gulen or Hizmet movement in Turkey was until recently the country s most powerful and affluent religious organisation At its head is the exiled Muslim preacher Fethullah Gulen who leads from a gated compound in the Pocono Mountains of the USA The movement s central tenet is that Muslims should engage positively with modernity especially through mastering the sciences At hundreds of Gulen run schools and universities not only in Turkey but also worldwide and particularly in the United States instructors have cultivated the next generation of Muslim bankers biologists software engineers and entrepreneurs In this groundbreaking study Caroline Tee an expert on the Gulen Movement analyses the complex attitudes of Gulen and his followers towards secular modernity Considered against the backdrop of Turkish politics Gulenist engagement with modern science is revealed as a key source of the influence the movement has exerted A *Religious Encyclopaedia: Or Dictionary of Biblical, Historical, Doctrinal, and Practical Theology* Johann Jakob Herzog,1891

Congress, 1967 **Restraint** Barry R. Posen, 2014-06-03 The United States Barry R Posen argues in *Restraint* has grown incapable of moderating its ambitions in international politics Since the collapse of Soviet power it has pursued a grand strategy that he calls liberal hegemony one that Posen sees as unnecessary counterproductive costly and wasteful Written for policymakers and observers alike *Restraint* explains precisely why this grand strategy works poorly and then provides a carefully designed alternative grand strategy and an associated military strategy and force structure In contrast to the failures and unexpected problems that have stemmed from America's consistent overreaching Posen makes an urgent argument for restraint in the future use of U S military strength After setting out the political implications of restraint as a guiding principle Posen sketches the appropriate military forces and posture that would support such a strategy He works with a deliberately constrained notion of grand strategy and even more important of national security which he defines as including sovereignty territorial integrity power position and safety His alternative for military strategy

which Posen calls command of the commons focuses on protecting U S global access through naval air and space power while freeing the United States from most of the relationships that require the permanent stationing of U S forces overseas
