Promoting Nonprofit Organizations Ruth Ellen Kinzey,2013-08-21 Promoting Nonprofit Organizations is a practical guide to developing and implementing a strategic public relations program to enhance a nonprofit s reputation The ways in which businesses both for profit and not for profit communicate with customers has changed dramatically in recent years Coupled with economic uncertainty nonprofits have had to adopt a leaner operational mode further underlining the need for organizations to take advantage of all the promotion strategies available to them This book Discusses why public relations and reputation management go hand in hand with marketing efforts Offers a step by step guide to develop a public relations strategy Considers the importance of nonprofit sustainable citizenship Provides tips for reputation enhancement using a range of tools such as social media and board ambassadorship Guides the reader in developing a reputation approach to crisis communication management Highly practical in its approach this book is a great guide for students in public relations and nonprofit management courses as well as for professionals seeking to enhance the success of their nonprofit organization Managing Sustainable Stakeholder

Relationships Linda O'Riordan,2017-09-01 This book examines corporate approaches to responsible management by investigating the stakeholder relationships between business and society Though concepts of responsible management continue to evolve its key objective is to explore the opportunities and dilemmas which business decision makers face when attempting to reconcile their organisation s interests with those of other stakeholder groups In this intensely debated field it

focuses on the power of entrepreneurial purpose and the opportunities which emerge when corporate choices and actions are driven by connected stakeholder interests A case study of the pharmaceutical industry in the UK and Germany is presented to reveal how decision makers in this particular sector are responding to their context specific management challenges The research findings are subsequently employed to examine and revise a pre specified stakeholder management framework which was previously developed by the author The proposed updated framework is the book s main conceptual contribution By depicting a set of inclusive integrated and inter related steps it is intended to provide an innovative comprehensive practical toolkit for stakeholder management As such it is designed to help decision makers to attain the greatest possible outcome from the resources they invest by consciously basing their choices not merely on the impacts for their shareholders but also and more holistically for a broader range of stakeholders Ultimately the book demonstrates how optimally harmonised stakeholder management can serve as a powerful catalyst for unlocking viable business opportunities which serve the interests of business and society

Wall Street Women Melissa S. Fisher, 2012-06-19 Wall Street Women tells the story of the first generation of women to establish themselves as professionals on Wall Street Since these women who began their careers in the 1960s faced blatant discrimination and barriers to advancement they created formal and informal associations to bolster one another s careers In this important historical ethnography Melissa S Fisher draws on fieldwork archival research and extensive interviews with a very successful cohort of first generation Wall Street women She describes their professional and political associations most notably the Financial Women s Association of New York City and the Women s Campaign Fund a bipartisan group formed to promote the election of pro choice women Fisher charts the evolution of the women s careers the growth of their political and economic clout changes in their perspectives and the cultural climate on Wall Street and their experiences of the 2008 financial collapse While most of the pioneering subjects of Wall Street Women did not participate in the women s movement as it was happening in the 1960s and 1970s Fisher argues that they did produce a market feminism which aligned liberal feminist ideals about meritocracy and gender equity with the logic of the market
