Inner Journey Home The Souls Realization Of The Unity Of Reality:

The Inner Journey Home A. H. Almaas, 2004-04-27 What is the soul and how do we come to know it What is its journey in life and what stages and obstacles are encountered along the way These questions are explored here in detail according to the Diamond Approach a spiritual path that combines systematic inquiry into personal experience the practice of traditional spiritual methods and the application of modern psychological research *The Inner Journey Home* is the centerpiece of the Diamond Approach literature providing a complete overview of the teaching with references to the author's other books for more details on certain topics

The Point of Existence A. H. Almaas, 2000-09-05 The founder of the Diamond Approach to Self Realization examines narcissism through a spiritual lens presenting it as our greatest barrier to understanding our truest self In this book the author explores the underlying spiritual understanding of narcissism He presents a detailed map of the steps involved in working through barriers that prevent us from recognizing the most essential nature of our true identity Almaas is one of the most significant voices for a new and remarkably integrated spiritual vision His work connects the personal the universal the psychological and the spiritual not as pieces put together but as the inseparable mandala of the sacred that we are I respect his work to the highest degree and commend it to anyone interested in living the life of the spirit Jack Kornfield Ph D author of *After the Ecstasy the Laundry*

Rebirthing into Androgyny Berenice Andrews, 2012-11-14 In these interesting times when many people are searching for spiritual nourishment this book is intended to be a means of providing it *Rebirthing Into Androgyny Your Quest For Wholeness And Afterward* offers to the hungry ones a familiar yet totally different feast While it sets forth an already established metaphysics it also presents a radical new idea one that has been implicit in that spiritual thought but unavailable until now and the new awareness associated with quantum physics In other words while this book provides soul searchers also known as learners with an age old means of generating a fundamental inner change a rebirthing it also provides a new living prototype of what is being reborn Thus a person's rebirthing is both a gestation and a labor a quest producing an ever increasing knowing gnosis which gradually becomes being that can finally merge with the Beloved Self And the new living prototype is that of the human soul not as what a person has but as what a person is a creative energy being who generates its own bodies out of its soul substance its creative consciousness energy by means of its archetypal human energy system while always being guided by its nucleus of divinity In this book which is a textbook for soul searchers all of this transformative change is offered explored and explained in a series of carefully crafted lessons lovingly taught by a shamanic teacher healer in a stone circle classroom the ancient site of a modern teaching There is a grand feast awaiting

Diamond Heart: Inexhaustible Mystery A. H. Almaas, 2011-07-12 The final volume in A H Almaas masterwork on the contemporary spiritual path known as the Diamond Approach From one perspective we can see ourselves merely as human beings struggling in a crowded and chaotic world of suffering Inexhaustible Mystery opens our eyes to a different reality one that turns our familiar world inside out We need only explore with curiosity and love our true potential as human beings in order to discover infinite depth and creativity in our lives as we act and interact in the world When time and space expand their meaning we come to know ourselves as having infinite dimensions of being and qualities of spirit and uncover new mysteries about ourselves one another and the reality we live in This is the last of the five volume Diamond Heart series of transcribed and edited talks given by A H Almaas to inner work groups in California and Colorado

Before Abraham Was I Am: Cleo Newsome Jr., 2010-05-20 When God created the universe He also created the Metaphysical universe This paraphrase from Donald Walch s book A Conversation with God aptly points to the intricate matrix of themes ideas and concepts which formulate a complete world view of how things work This is important because our individual belief system has a direct impact on all of

the events and important episodes in our lives and generally affects the quality and longevity of life as a whole God as the omnipotent catalyst of the entire creative process does not interfere with our choices but instead allows us to reap the benefits or suffer the consequences of our decisions When we learn to raise our thinking to the higher consciousness of divine mind the quality of life both individually and as a people will be naturally uplifted from an uncertain existence of coincidence and chance to a progressively stable and secure co existence with the sustaining grace of God s unlimited cosmos This book represents an attempt to explore some of the more relevant concepts of mankind s symbiotic relationship to an immaculate Holiness in which we intuitively have always known to exist but through the daily grind of everyday living have somehow lost touch The book is not amid at any particular religion culture or ethic group but is a rather modest endeavor to discuss an array of universal themes and concepts common to us all **Runaway Realization** A. The Alchemy of Freedom A. H. Almaas, 2017-03-28 Well known spiritual teacher A H Almaas uses the metaphor of the mysterious philosopher s stone to discuss a tremendous liberating power that leads to endless enlightenment For millennia alchemists sought the philosopher s stone the miracle substance believed to be the key to all the secrets of existence The quest was fueled by some of the prime questions of human existence What am I Why am I here How has this world come to be A H Almaas shows that the tremendous liberating power of the mysterious philosopher s stone is closer to us than we realize In fact it is the true nature of all reality in all times and all places without being limited to being anything in particular Through the philosopher s stone real transformation can happen our consciousness can become free and we can open to all the possibilities of reality Almaas discusses the factors that are involved in igniting the catalytic property of the philosopher s stone and then begins to unpack the properties of true nature when it is free of constraints Finally we are left with the revelation that true nature is endlessly knowable and yet nothing we can know or say about it exhausts its mystery and power The result is a new understanding of what liberation and practice are and a view of what it s like when seeking ceases and life becomes a process of continual discovery We begin to appreciate that the freedom of reality expressed in the complete and fulfilled life all human beings seek and few find is actually the simplicity of the ordinary

H. Almaas,2006-05-09 Intelligence is one of the defining characteristics of human beings an inherent ability to respond to the world with awareness knowledge learning and insight Most considerations of human intelligence are based on the notion that intelligence is a product of brain functioning A H Almaas introduces here a radically different viewpoint one that recognizes an actual quality of consciousness as the source of intelligence He calls this source the Brilliancy of our true nature The presentation of his understanding of intelligence is followed by in depth dialogues with his students on the various barriers to recognizing and embodying this essential quality In particular an unresolved relationship with one s father is found to shape the experience of Brilliancy Using a Socratic method that draws upon techniques of body centered Gestalt psychodynamic and cognitive psychologies Almaas helps participants work through their defenses and conflicts surrounding this issue and then diverging from psychotherapeutic practice guides them in discovering their own Brilliancy *The Unfolding Now* A. H. Almaas,2008-06-10 The keys to self knowledge and deep contentment are right here before us in this very moment if we can simply learn to live with presence and open awareness In *The Unfolding Now* A H Almaas presents a marvelously effective practice for developing the transformative quality of presence Through a particular method of self observation and contemplative exploration that he calls inquiry we learn to live in the relaxed condition of simply being ourselves without interference from feelings of inadequacy drivenness toward goals struggling to figure things out and rejecting experiences we don t want Almaas explores the many obstacles that keep us from being present including defensiveness ignorance desire aggression and self hatred and shows us how to welcome with curiosity and compassion whatever we are experiencing **The Power of Divine Eros** A. H. Almaas,Karen Johnson,2013-09-17 Two innovative spiritual teachers show how to use desire and passion eros as a gateway to realizing our fullest potential What do desire and passion have to do with our spiritual journey According to A H Almaas and Karen Johnson they are an essential part of it Conventional wisdom cautions that desire and passion are opposed to the spiritual path that engaging in desire will take you more into the world into egoic life And for most people that is exactly what happens We naturally tend to experience wanting in a self centered way *The Power of Divine Eros* challenges the view that the divine and the erotic are separate When we open to the energy aliveness spontaneity and zest of erotic love we will find it inseparable from the realm of the holy and sacred When this is understood desire and passion become a gateway to wholeness and to realizing our full potential Through guided exercises the authors reveal how our relationships become opportunities on the spiritual journey to express ourselves authentically to relate with openness and to discover dynamic inner realms with another person Through embodying the energy of eros each of us can learn to be
