pages he tells of Dakota history the United States Dakota Conflict of 1862 Dakota values and the mysterious powers of the world Wilson gracefully contextualizes and complements Taylor s stories with a careful analysis and distillation of the narratives Additionally she provides an overview of Dakota history and a substantial critique of the use of oral accounts by mainstream historians By placing Dakota oral tradition within the academic discipline of history this powerful book illuminates the essential connections among Dakota language history and contemporary identity Catalog of Copyright Entries ,1931-07 **Geological Survey Bulletin** ,1957 **Books in Print** ,1982
