Labor and Freedom Eugene Victor Debs, 2016-11-17 I think if I had been asked to name this work that comes to us from the rare mind and tender heart of Gene Debs I would have called it The Old Umbrella Mender It was this tragic touching tale that I first read in the manuscript and it is the memory of this that will always return to me when I think of the book It is the perfect painting from the artist s brush the sculptured monument from the master s chisel that makes one lowly loyal soul to live forever in the hearts of humanity s lovers Not but that every line in the book is a treasure and every sentiment brought forth an appeal to all that makes for justice and equality and freedom nor will it detract from but rather add to the beauty and inestimable value of the entire collection if others likewise carry with them the image and memory of the old umbrella mender as they travel with Debs the struggling storm tossed way of Labor and Freedom

Council,1912 **Story of American Freedom** Eric Foner,1999-09-07 Freedom is the cornerstone of his sweeping narrative that focuses not only congressional debates and political treatises since the Revolution but how the fight for freedom took place on plantation and picket lines and in parlors and bedrooms *Chants Democratic* Sean Wilentz,2004-10-07 This text provides a panoramic chronicle of New York City s labour strife social movements and political turmoil in the eras of Thomas Jefferson and Andrew Jackson **Michael Paul Rogin** Alyson Cole,George Shulman,2019-02-18 Michael Paul Rogin s scholarship profoundly altered the scope content and disposition of political theory He reconstituted the field by opening it to an array of texts performances and methods previously considered beyond the purview of the discipline His work addressed the relationship between dimensions of politics typically split apart institutional power and cultural forms material interests and symbolic meanings class projects and identity politics the public and the private Rogin s scholarship enlarges our sense of the borders and genres defining political theory as a field and enriches our capacity to think critically and creatively about the political The editors have focused on three categories of substantive innovation Demonology and Countersubversion Rogin used the concepts countersubversive tradition and political demonology to theorize how constitutive exclusions and charged images of otherness generated imagined national community He exposed not only the dynamics of suppressing and delegitimizing political opposition but also how politics itself is devalued and displaced The *Psychic Life of Liberal Society* Rogin addressed the essential contradiction in liberalism as both an ideology and a regime how a polity professing equality liberty and pluralist toleration engages in genocide slavery and imperial war Political Mediation Institutions and Culture Rogin demonstrated how cultural forms pervasive myths literary and cinematic works mediate political life and how political institutions mediate cultural energies and aspirations
