Handbook of the Doctrine of Creation , 2024-03-07 The T how the doctrine of creation informs and is informed by various dogmatic commitments and how the doctrine of creation relates to a range of human concerns and activities The Handbook represents a celebration of fascination with bewilderment at lament about and hope for all that is and serves as a scholarly innovative and constructive reference for those interested in attending to what Christian belief has to contribute to thinking about and living with the mysterious existence named creation *Barth's Doctrine of Creation* Andrew K.

Gabriel, 2013-12-06 Theologians working on the doctrine of creation are compelled to wrestle with Karl Barth s explication of this doctrine And yet studies on Barth have not paid a significant amount of attention to this aspect of his theology To help fill this gap Gabriel introduces and clarifies Barth s doctrine of creation by outlining its contours and evaluating three prominent critiques of Barth critiques that focus on questions regarding the place of nature the Trinity Jesus and history in his doctrine Gabriel finds value in these critiques while also identifying ways in which Barth s theology sometimes adequately addresses them Through this Gabriel mines insights from Barth that can contribute to a theology of nature or ecological theology and a Trinitarian theology of creation Engaging the Doctrine of Creation Matthew Levering, 2017-07-18 Distinguished scholar

Matthew Levering examines the doctrine of creation and its contemporary theological implications critically engaging with classical and modern views in dialogue with Orthodox and Reformed interlocutors among others Moving from the Trinity to Christology Levering takes up a number of themes pertaining to the doctrine of creation and focuses on how creation impacts our understandings of both the immanent and the economic Trinity He also engages newer trends such as ecological

theology      **Kingdom Come** Jason Byassee,Jeremy Kidwell,Jonathan Wilson-Hartgrove,Leah Wilson-Hartgrove,2022-09-19 For four decades the Rev Dr Jonathan R Wilson has cultivated an imagination for kingdom realism as a pastor teacher theologian and friend To celebrate his seventieth birthday Kingdom Come has gathered reflections from fellow theologians popular authors poets and practitioners to mark both the range of Wilson s influence on the Christian church and the consistency of his prayer and work for God s kingdom to come here on earth as it is in heaven      Becoming the Gospel Michael J. Gorman,2015-05-06 The first detailed exegetical treatment of Paul s letters from the emerging discipline of missional hermeneutics Michael Gorman s Becoming the Gospel argues that Paul s letters invite Christian communities both then and now to not merely believe the gospel but to become the gospel and in doing so to participate in the life and mission of God Showing that Pauline churches were active public participants in and witnesses to the gospel Gorman reveals the missional significance of various themes in Paul s letters He also identifies select contemporary examples of mission in the spirit of Paul inviting all Christians to practice Paul inspired imagination in their own contexts      God, Evolution, and Animal Suffering Bethany N. Sollereder,2018-10-29 After the publication of On the Origin of Species in 1859 theologians were faced with the dilemma of God creating through evolution Suddenly pain suffering untimely death and extinction appeared to be the very tools of creation and not a result of the sin of humanity Despite this paradigm shift the question of non human suffering has been largely overlooked within theodicy debates overwhelmed by the extreme human suffering of the twentieth century This book redresses this imbalance by offering a rigorous academic treatment of the questions surrounding God and the suffering of non human animals Combining theological philosophical and biblical perspectives this book explores the relationship between God and Creation within Christian theology First it dismantles the popular theological view that roots violence and suffering in the animal kingdom in the fall of humanity Then through an exploration of the nature of love it affirms that there are multiple reasons to suggest that God and creation can both be good even with the presence of violence and suffering This is an innovative exploration of an under examined subject that encompasses issues of theology science morality and human animal interactions As such it will be of keen interest to scholars and academics of religion and science the philosophy of religion theodicy and biblical studies      **Leadership Mosaic** Daniel Montgomery,Jared Kennedy,2016-10-13 There s a leadership crisis in the church Every leadership model claims to have all the answers to the challenges of leadership Each perspective emphasizes certain qualities and we search desperately for answers in the absence of clear direction But there s no simple leadership formula that meets every need we have in life and ministry Challenging the conventional wisdom about what makes for a good leader Daniel Montgomery calls us to a countercultural perspective on leadership rooted in our Creator He presents a new framework for leadership not just a beckoning to further pragmatism relentless productivity or a reactionary cultural fad He helps us see leadership as a mosaic of five characteristics conviction creativity courage collaboration and contemplation reflective of the very image of the triune

God Armed with this perspective we will be able to see strive after and celebrate the great and complex vision of leadership God has called us to for the flourishing of our homes churches and workplaces

Christian Witness in Cascadian Soil Ross A. Lockhart, 2021-02-17 The Centre for Missional Leadership at St Andrew s Hall Vancouver has curated a dynamic collection of essays from missional thinkers in church and academy Together they explore both the pitfalls and possibilities of Christian witness in the post Christendom soil of the Pacific Northwest What does it mean to till plant and nurture Christian community while awaiting growth in the rocky soil of secularity in this West Coast land better known for its hipsters baristas and outdoor lifestyle Each chapter is an attempt to dust for divine fingerprints at work within the church and wider culture giving evidence of God s activity in our midst Within this book you will encounter women and men who are finding hopeful ways to proclaim and live the gospel that are bearing fruit and growing hope within Christian communities and the neighborhoods they call home

Ecology of Vocation Kiara A. Jorgenson, 2020-05-15 Critically surveying various approaches to Christian ecological ethics alongside the vexing moral ambiguities of the Anthropocene Ecology of Vocation offers an integrative approach to responsible living vis vis one of Protestantism s key theological resources the doctrine of vocation Drawing on H Richard Niebuhr s germinal ethical framework with a decidedly ecofeminist perspective Kiara A Jorgenson demonstrates how vocation s emphasis on right relationship practically speaks to the embodied realities of planetary interrelatedness By excavating the ecological promise of the early Reformers democratized renderings of calling and linking their concerns to the contemporary context she argues that vocation cannot be reduced to the particular aim of monetized work nor to an elitist escape from it Rather vocation must be recast as the dynamic and vibrant space among the myriad roles any of us inhabits at any given time in a particular place When understood in this light vocation signals much more than a job a passion or a quest for self discovery An alternative understanding of vocation s very ecology can extend Christian conceptions of the neighbor beyond the human and lead the church to more faithfully pursue lives characterized by humility restraint wisdom justice and love

**Coming Home to Earth** Mark S. Bocker, 2016-09-13 As a young Norwegian Lutheran teenager in rural Wisconsin Bocker lay awake one night worrying whether he believed in Jesus enough to get to heaven This getting to heaven anxiety reflected an excessive focus on individual salvation and a loss of concern for the well being of the Earth community A faith journey that leaves Earth behind is misguided Ever since those early teen years Bocker has been on a journey to come home to Earth Coming Home to Earth makes the case that there is no salvation apart from Earth and that Earth care is at the core of our identity and mission as followers of Jesus The ecological consequences of a loss of concern for the well being of Earth have been devastating Bocker is especially concerned to determine what will motivate followers of Jesus to make radical changes in our way of life so that we can participate in the healing of wounded Earth and all of its inhabitants both human and nonhuman We are far more likely to make needed sacrifices for our fellow creatures if we share God s delight in and affection for them and cherish Earth as our home

**What Good is God?** Roger Abbott, Robert White FRS, 2020-11-20 In a world where natural disasters are increasingly impacting our lives this insightful book brings together a variety of voices to discuss how we can respond practically and faithfully to such tragedies Consciously making room for the perspectives of survivors responders and academics it provides a multi layered and compassionate examination of a difficult and often underexplored subject As we try to make sense of a seemingly chaotic world that features earthquakes tsunamis and pandemics readers will find this unique conversation a truly inspiring resource for thought prayer and action      Pope Francis, *Evangelii Gaudium*, and the Renewal of the Church Duncan Dormor, Alana Harris, 2017 Focuses exclusively on *Evangelii Gaudium* as interpreted from a variety of interdisciplinary and denominational perspectives with a sharper focus on the ecclesiological as well as the ecumenical potentialities for the reform and renewal of the church contained within this reorientation and reappreciation of the church's primary mission to

evangelization in the modern world      A Pentecostal Political Theology for American Renewal Steven M. Studebaker, 2016-10-26 This book argues that Christians have a stake in the sustainability and success of core cultural values of the West in general and America in particular Steven M Studebaker considers Western and American decline from a theological and specifically Pentecostal perspective The volume proposes and develops a Pentecostal political theology that can be used to address and reframe Christian political identity in the United States Studebaker asserts that American Christians are currently not properly engaged in preventing America's decline or halting the shifts in its core values The problem he suggests is that American Christianity not only gives little thought to the state of the nation beyond a handful of moral issues like abortion but its popular political theologies lead Christians to think of themselves more as aliens than as citizens This book posits that the proposed Pentecostal political theology would help American Christians view themselves as citizens and better recognize their stake in the renewal of their nation The foundation of this proposed political theology is a pneumatological narrative of renewal a biblical narrative of the Spirit that begins with creation proceeds through Incarnation and Pentecost and culminates in the new creation and everlasting kingdom of God This narrative provides the foundation for a political theology that speaks to the issues of Christian political identity and encourages Christian political participation

In the Midst of Much-Doing Charles R. Ringma, 2023-05-31 How are we to sustain activism and compassion amidst the never ending crises of the twenty first century While the concern for social justice is deeply biblical cynicism burnout and despair are all too common side effects when action is divorced from contemplation To effectively serve as the hands and feet of Jesus the church must attend to the revitalization of its inner life through the spiritual practices which feed support and sustain the work of the kingdom Rather than the fragmentation and dualism that have led denominations to choose between prayer and service evangelization and justice the church must integrate heart mind and body in order to fulfil its calling to transform the world from within Drawing from Scripture and a wide range of Christian traditions from the monastic to the evangelical this book inspires its readers to integrate spiritual renewal and prophetic witness for the glory of God and the good of his creation      *Revisioning, Renewing, Rediscovering the Triune Center* Derek J. Tidball, Brian S. Harris, Jason S Sexton, 2014-11-10 An international cast of theologians come together in this volume to offer essays in tribute to the late Stanley J Grenz one of the leading theologians of his generation Accordingly the volume includes timely explorations in some of the most exciting areas in contemporary theology It is only fitting that these very explorations revolve around the key motifs of Grenz's theology Trinity community eschatology and the key sources from which he drew for theology's construction Scripture tradition culture While engaging key features seen in Grenz's work some of the essays here interact with Grenz's own writings reflecting on his theological journey and his contributions to evangelical theology In these ways this volume highlights the kind of evangelical theology that so many have experienced in recent years and of which Stan Grenz was a leading proponent *Revisioning Renewing Rediscovering the Triune Center* then makes a significant contribution

to discussions in contemporary theology while itself setting out to honor the life and work of an eminent theologian who did so much for evangelical theology
