LUCID DREAM: Learn To Control Your Dreams Lycariones, 2023-07-17 The realm of dreams is an infinite universe where we spend almost half of our lives It is also one of the most intriguing and mysterious subjects for human beings Dreams are a part of sleep and they are imaginary experiences that occur in our brains The experience of dreaming is something that everyone goes through but it is understood in different ways by each individual The main theme of our book Lucid Dreams is a wonderful tool to explore the subconscious mind of a person It is evidence of the incredible power of the human mind During sleep our subconscious mind presents us with unlimited potential The dream realm is a place where we can push the boundaries of our imagination and not be limited by reality Sometimes it is even a brief escape from the real world to enter a perfectly crafted dream world The exact meaning of dreams is still not fully understood but many researchers believe that dreams are trying to tell us something Some think that dreams reflect our mental and emotional states while others believe that dreams are one of the phases of our brain's information processing Dreams are often different from our conscious experiences While dreaming we find ourselves in a different world than what we think about In our dreams we sometimes see familiar people and places but other times we encounter entirely imaginary locations and individuals The events and dialogues we experience in our dreams can provide clues about our real life experiences The most

intriguing aspect of dreams is the existence of lucid dreams A lucid dream is a state in which a person is aware that they are dreaming In this state a person can have control over the dream and can direct it as they wish Experiencing lucid dreams can be quite challenging but this ability can be learned and developed over time While there are many theories and hypotheses about dreams it is not possible for us to fully understand the true meaning of dreams However it would not be wrong to say that dreams provide us with an opportunity to look at things from different perspectives By using this opportunity that dreams offer us we can gain a better perspective on the problems in our lives and understand ourselves better Lucid dreams provide an opportunity to control explore and navigate the dream realm They open a door that does not limit a person's perception of reality offering an experience beyond sleep Those who pass through this door can realize the boundless potential within themselves and gain a better understanding of themselves and the world In this book you will learn everything about lucid dreams You will discover what lucid dreams are how they can be achieved their benefits history and interesting facts Additionally throughout the book you will learn and practice various lucid dream techniques and meditations in a step by step manner Detailed lucid dream training is included in our book This book which provides an explanatory and instructive narrative on all types of dreams including lucid dreams will present you with all the known and hidden information about lucid dreams Our book **Lucid Dreaming The Art of Dream Control** prepared based on our seven years of parapsychology experience and scientific research wishes you successful lucid dreams and enjoyable reading

completely aware you're doing them. Most lucid dreaming books are either a load of nonsense or they're so padded that the information is just repeated 5 times over. This one is **CONCISE** and **USEFUL** ONLY teaching what works based on my years of experience, research, and curation of other master lucid dreamers' experience and research. Who am I? I'm Stefan and I've been a lucid dreamer for years now. I've learned from many other gurus, researchers, and philosophers about this incredible ability. I've taught thousands of people to control their dreams and grown my YouTube channel where I answer people's questions about lucid dreaming to over 25,000 subscribers. I have over 6,000 Instagram followers and over 14,000 email subscribers. I'm not saying this to brag but instead to say I wouldn't have that many if I didn't know what I was talking about. For example, when the brain thinks about doing something or dreams about it, the **SAME** neural circuits fire as when the person is **ACTUALLY** doing it. This means that by practicing a skill in a Lucid Dream, such as the guitar or driving a car, you can actually get **REAL** life results. This beginners guide teaches easy to understand powerful lucid dreaming techniques and principles. There's no fluff and time wasting. Just what **WORKS**. This will save you time because you'll only be learning what you need to know. Here are just a **FEW** of the things you can do with Lucid Dreaming:

- 1 Fly and teleport yourself to other planets
- 2 Remove fears from your life and stop having nightmares so you can sleep better and wake up feeling refreshed
- 3 Experience anything you can imagine and no, this is not an exaggeration
- 4 See the answers to problems that were otherwise impossible
- 5 Meet up with lost loved ones again in your dreams so you can finally say goodbye properly or just have a nice chat with them
- 6 Tasting beautiful dream food which tastes better than real food so you'll wake up with beautiful memories of how it tasted
- 7 Have lucid dream **SEX** that feels better than **REAL** sex in some cases so you can have a crazy night with your fantasy girl or guy
- 8 Simulating **ANY** experience you can possibly imagine: Skydiving, Superhuman strength, super powers, etc.
- 9 Exploring limitless new worlds and environments so you can get inspired and have fresh ideas
- 10 Playing around with zero gravity so you can see how it feels to be weightless
- 11 Much, Much more.
