Halvorson, 2016-04-22 Heinrich Heshusius 1556-97 became a leading church superintendent and polemicist during the early age of Lutheran orthodoxy and played a major role in the reform and administration of several German cities during the late Reformation As well as offering an introduction to Heshusius's writings and ideas this volume explores the wider world of late sixteenth century German Lutheranism in which he lived and worked In particular it looks at the important but inadequately understood network of Lutheran clergymen in North Germany centred around universities such as Rostock Jena K nigsberg and Helmstedt and territories such as Braunschweig Wolfenb ttel in the years after the promulgation of the Formula of Concord 1577 In 1579 Heshusius followed his father Tilemann to the newly founded University of Helmstedt where Heinrich served as a professor on the philosophy faculty and established lasting connections within the Gnesio Lutheran party In the 1590s Heshusius completed his doctoral degree in theology and worked as a pastor and superintendent in Tonna and Hildesheim publishing over seventy sermons as well as a popular catechism based on the Psalms and Luther's Small Catechism As confessional tensions mounted in Hildesheim Heshusius worked as a polemicist for the Lutheran cause pressing for the conversion or expulsion of local Jews At the same time

Heshusius began to argue aggressively for the expulsion of Jesuits who had been increasing in number due to the activities of the local bishop and administrator Ernst II of Bavaria By discussing the connection between these two expulsion efforts and the practical activities Heshusius undertook as a preacher catechist and administrator this study portrays Heshusius as a zealous protector of Lutheran traditions in the face of confessional rivals Understanding this zeal and the policies piety and propaganda that came as a result is an important factor in relating how Lutheran orthodoxy gained momentum within Germany in the last decades of the sixteenth century In all this book will reveal the complex characteristics of an important but virtually unknown Lutheran superintendent and theologian active during the era of confessionalization providing a useful resource for the ongoing efforts of scholars hoping to understand the nature of orthodoxy and its importance for early modern Europeans f **The Oxford Handbook of Religion and American Politics** Corwin E.
